xi. The Broad Design Parameters and the Performance Guaranteed Schedule of BTG are annexed herewith and marked as ***Annexure P-11(A)*** & ***Annexure P-11(B)*** respectively.

2. Each of the elements of energy charge rate reflected in Table C1 – C3 above is explained hereunder:

a. QUANTITY OF COAL PROCURED:

i. Coal is used as the Primary Fuel for Petitioner's Generating Units. The Petitioner submits that the quantity of coal considered is based on the audited accounts as certified by the Petitioner's Chartered Accountant.

The month wise details of coal procurement and coal consumption along with all supporting documents including coal procured through e-auction & Open Market is annexed and marked as ***Annexure P-12.***

ii. The Petitioner submits that the linkage coal is made available only if the power is supplied to the distribution licensee, either directly or through power trading company which, in turn, has a back to back long term PPA with the distribution companies.

iii. Since CSPTradco (now dissolved and merged into Respondent) had not furnished a back to back long term PPA that it may have with any distribution licensee including the Respondent against Petitioner's PPA before 31.03.2022 (timeline for fulfilling conditions precedent in the FSA under old LOA- FSA regime), the FSA quantity stood expired on 31.03.2022. As such, due to the non-availability of the linkage coal for power supplied to the Respondent, the Petitioner has utilized coal procured through e-auction & Open Market, for generating 5% power supplied to the Respondent.

Copies of the relevant correspondences between the Petitioner and CSPTradco requesting co-operation for availing linkage coal (under old LOA-FSA) are annexed and marked as ***Annexure P-13 (Colly)***.

iv. Subsequently, CSPTradco furnished the back to back PPA executed between CSPTradco and CSPDCL on 04.05.2022 as brought out previously.

v. Based on the back to back PPA, the Petitioner pursued the Respondent to furnish discoms' certificate and approval of PPA by CSERC that will enable the Petitioner to take up with coal companies for signing of FSA against a certain quantity that was secured by the Petitioner under the SHAKTI B(iii) scheme. Based on repeated requests by Petitioner, Respondent submitted the required discoms' certificate on 02.03.2023.

Copies of the communications by the Petitioner and copy of Discom's certificate by the Respondent are annexed and marked as ***Annexure P-14 (Colly)***.

vi. The Petitioner, based on the discoms' certificate by the Respondent, submitted its request to Mahanadi Coal Fields ('**MCL**') for availing linkage against the quantity already secured by the Petitioner under the SHAKTI B(iii) scheme.

Copies of the correspondences exchanged between MCL and the Petitioner are annexed and marked as ***Annexure P-15 (Colly)***.

vii. However, MCL refused to allow the Petitioner to avail linkage coal as requested and advised the Petitioner to seek clarification from the CEA. The Petitioner has therefore taken up this issue with CEA seeking clarification on the same and is awaiting response from CEA.

Copy of mail from MCL dated 22.11.2023 as well as copies of communications dated 07.12.2023 and 02.02.2024 addressed to CEA by the Petitioner ***Annexure P-16 (Colly)***.

viii. Further, Ministry of Coal ('**MoC**') vide its letter dated 20.05.2025 has come up with revised Scheme for harnessing and allocating Koyla transparently in India (SHAKTI) 2025. Further the methodology for coal allocation under Window-I and Window-II was issued on 17.07.2025 from Ministry of Power, there has been no progress yet on the commencement of auctions under the revised framework.

Copies of the correspondence relating to the revised SHAKTI policy are collectively marked as ***Annexure P-17 (Colly)***.

ix. It is pertinent to note that the Ministry of Power, Government of India ('**MoP**'), vide letter dated 31.07.2013, had advised the Electricity Regulatory Commissions as under:

> *"4. As per decision of the Government, the higher cost of import/market based e-auction coal be considered for being made a pass through on a case to case basis by SERC/CERC to the extent of shortfall in the quantity indicated in the LoA/FSA and the CIL supply of domestic coal which would be minimum of 65%, 67% and 75% of LoA for the remaining four year of the 12th plan for the already concluded PPAs based on tariff based competitive bidding.*
>
> *5. The ERCs are advised to consider the request individual power producers in this regard as due process on a case to case basis in public interest. The Appropriate Commissions are requested to take immediate steps for the implementation of the above decision of the government".*

x. Further, the Revised Tariff Policy, 2016 made specific provisions regarding pass through of the cost of imported coal/market – based e-auction coal for meeting the shortfall between the assured quantity/ quantity indicated as ACQ in the LoA/FSA, which has also been recognized in the Order dated 16.05.2019 passed by the Hon'ble Central Electricity Regulatory Commission in Petition No. 8/MP/2014 and 284/MP/2018.

Copy of the MoP letter dated 31.07.2013, the Revised Tariff Policy 2016 and Order dated 16.05.2019 in Petition No. 8/MP/2014 and 284/MP/2018 is annexed hereto and marked as ***Annexure P-18 (Colly).***

xi. Under the Long term PPAs with Tamil Nadu & Rajasthan, in case of coal received by the Petitioner under the FSA falling short of the quantity required to meet the supply obligations, the procurer discoms have been making the payments based on actual energy charge based on coal sourced under Non-FSA route (e-auctions) for such shortfall quantity

under FSA. As such, the Quantity of Coal supplied under the Fuel supply agreement has been utilized towards the eligible PPAs. i.e. PPA between DB Power and TANGEDCO, PPA between DB Power and Rajasthan Discoms through PTC.

xii. In the instant case of supply to CSPTradco, coal was being procured by the Petitioner from the most economically available alternate sources (other than FSA Coal) majorly through e-auctions conducted by Coal India Limited, as the timeline for furnishing the long term PPA to avail linkage (under old LoA- FSA regime) stood expired on 31.03.2022.

xiii. As there is NIL Linkage coal towards supply of power from Petitioner to CSPTradco, the energy charges as applicable with Non-Linkage Coal (e-auction coal) & Open Market is being considered for supply of electricity to Respondent i.e. CSPDCL for the period of April 2024 - Mar 2025. The Petitioner participated in auctions being announced by SECL and MCL from time to time.

Copies of notices of e-auction from CIL for 2024-25 wherein the Petitioner had participated is annexed and marked as ***Annexure P-19***.

b. NORMATIVE TRANSIT AND HANDLING LOSSES:

i. Regulation 45.10 of the CSERC MYT Regulations 2021 specify the norms for Landed Price of Coal as well as the Normative Transit Losses that are allowed to be incorporated in the Landed Price of Coal.

Regulation 45.10 of CSERC MYT Regulations 2021 is reproduced as under:

"45.10 The landed cost of fuel for the month shall include price of fuel or input price. washery charges wherever applicable corresponding to the grade and quality of fuel, inclusive of royalty, taxes and duties as applicable, transportation cost by conveyer /rail / road

Sub: Request for back to back PPA between CSP Tradco and CSPDCL

Ref:

1. Letter no: DBPL/CSP Tradco/ 5%/13072020 dated 13th July 2020
2. Letter no: DBPL/FSA/SLC[LT]/2112021 dated 21st December 2021

Sir,

This is with reference to our repeated requests regarding back to back power purchase agreement between CSP Tradco and CSPDCL for the supply of 5% net power, being part of the PPA signed for 35% of the plant capacity in Jan 2011, between DB Power Limited and CSP Tradco. DBPL has communicated (see Ref#1) in the past as well that Unit 1 (600 MW) of the station has a Fuel supply agreement [FSA] and coal corresponding to this 5% net power from Unit I can be availed upon furnishing PPA with any Discom [i.e. back to back PPA between the CSP Tradco and CSPDCL]. For Unit II, being no FSA with Coal India, has to continue supplying power generated from coal which is sourced through E Auctions.

DBPL would like to bring to your attention that the timeline for furnishing the long term PPA to avail linkage, which is a conditions precedent in the FSA with SECL, stood expired on 31.12.2021 i.e. the 5% net power supply to CSP Tradco is no longer eligible for allocation of linkage coal under the FSA and DBPL will have to continue procuring coal under e-auctions to meet the supply. The opportunity to secure linkage coal on a long-term basis under the FSA (of Unit I 600 MW) is foregone due to CSP Tradco not able to provide back to back PPA with CSPDCL.

To mention, DBPL, in capacity of an individual IPP as well as through Industry Associations (Association of Power Producers), has made representations (Ref # 2) to Ministry of Coal and Ministry of Power for extension of timeline for fulfilling the condition precedent with an intention to avail linkage coal and supply power out of linkage coal to the extent of 5% of supply from the Unit I [600 MW], to CSP Tradco / CSPDCL.

The issue was taken up in the Meeting of the Standing Linkage Committee (SLC) - Long Term (LT) for Power Sector - SLC (LT) No. 01/22; and the recommendation of the SLC (LT) is as below

> *"In view of the deliberations in the meeting, the Committee recommended that the request for extension of Condition Precedent (CP) Clause for 2 years from 3 1.12.2021 cannot be agreed to. However, in view of provisions of SHAKTI Policy where timelines have been prescribed and also the guideline on fading away of the old regime of the LoA-FSA, SLC (LT) recommended for extension of timeline for obtaining PPA as per the CP clause under FSA* ***till 31.03.2022****"*

We reiterate our request for furnishing back to back power purchase agreement between CSP Tradco and CSPDCL, so that we could attempt to secure coal under new Coal auction scheme, SHAKTI B (iii), as and when announced, in the future.

An early action in this regard is highly solicited

Sub: Timeline for entering into PPA as per Condition Precedent requirement und er FSA – request for extension

Ref: File No. CLD-23014/1/2020-CLD, Minutes of Meting of the Standing Linkage Committee (Long-Term) for Power Sector, dated 23.06.2020.

Dear Sir,

We DB Power have 2x600 MW Power station in Chhattisgarh; of this, Unit I [600 MW] is having Long Term Fuel Supply Agreement with SECL. So far, we could furnish Long Term PPA to the extend of 519 MW in line with the FSA conditions.

We are thankful to MoC that the original timeline of 31st March 2015 to enter into Long term PPA has been extended from time to time, with the latest one up to 31.12.2021 vide SLC(LT) meeting held on 28.05.2020.

As you are aware, bidding opportunities for Medium and Long term PPAs are still subdued due to which commissioned power plants with FSAs such as ours are unable to sign PPAs, having an untied 81 MW out of 600 MW.

Keeping the current extension gets expired by 31.12.2021, an immediate extension may please be granted to sign & furnish PPAs so that we can participate in upcoming medium / long term power purchase tenders.

Due to unavoidable market dynamics brought about by a shift away from long/medium term PPAs, we request to extend the time line by another 2 years, i.e from 31.12.2021 to 31.12.2023.

Thanking You

Yours faithfully,

Ref: Letter no: MD/ Trading/ Tech cell/ 177/Raipur dated 25th Jun 2020

Sir

This is with reference to your letter dated 25th Jun 2020, on executing a supplementary PPA between DB Power and CSP Tradco Ltd. In this regard, we already have filed Petition no 62 of 2019 for offtake, by CSPTCL, of 30% power from DBPL's project in terms of the PPA dated 05.01.2011. As such, there is no need to sign the Supplementary PPA

Though we have been supplying 5% power at energy charge to CSP Tradco for the last 5 years, no back to back agreement between CSP Tradco and CSPDCL had been shared to us, to date. As explained earlier too, our Unit 1 (600 MW) is having linkage coal and on producing the back to back agreement, the benefit of linkage coal can be made available to CSP Tradco / CSPDCL at least for the supply of power from our Unit 1.

As such, you are once again requested to provide us the executed copy of back to back agreement between CSP Tradco and CSPDCL for 5% power being off taken from DB Power since Aug 2015.

Thanking You

Sub: Adhoc Tariff for 5% power supply to CSPTCL
Reference: (a) PPA dated 05.01.2011 (b) Your Letter CE/TechCell/Trading/366 dt. 31.05.2017

Dear Sir,

This is with reference to the PPA dated 05.01.11 executed between DB Power Limited (DBPL) and Chhattisgarh State Power Trading Company Limited (CSPTrdCL) for supply of 5% of net generation at variable cost and 30% of the installed capacity at a rate as may be determined in accordance with CERC Tariff regulations from DBPL's 2 X 600 MW Power plant, at Badadarha, District - Janjgir- Champa. While unit #1 has linkage coal, the unit #2 had captive mine, which was subsequently deallocated by the Hon'ble Supreme Court vide its order dated 24.09.2014.

Under the aforesaid PPA, CSPTCL is currently off taking 5% of net generated power and till March 2017 was paying an adhoc Tariff of Rs 1.90/kWh per unit of electricity offered by CSPTrdCL and accepted by DBPL, till the tariff is approved by the Appropriate Commission.

DBPL conveyed through number of representations regarding requirement of back to back PPA of CDPTCL and Chhattisgarh State Power Distribution Corporation Ltd (CSPDCL) to avail linkage coal from SECL, for the power being supplied from Unit #1 of DB Power Ltd, which is still awaited.

Since CSPTrdCL has till date not furnished its back to back PPA with DisComs, DBPL is not getting concessional coal from SECL in respect of the 5% power supplied to CSPTradeco. Left with no option, DBPL is purchasing the coal from open market at much higher rate than Rs. 1.90/kWh.

In absence of back to back PPA and pending approval of Tariff by CSERC, DBPL is likely to participate in any SHAKTI Coal linkage auction with a view to bring down the coal cost.

Though the adhoc Tariff of Rs 1.90/kWh was not adequate to meet even its fuel cost, DBPL still continued supply of the said power to CSPDCL.

DBPL was therefore surprised to receive a letter No. CE/TechCell/Trading/366 dated 31.05.2017 from CSPTrdCL arbitrarily reducing the adhoc energy charges from Rs 1.90/kWh to Rs 1.60 per Unit, effective from 01.04.2017. Such unilateral reduction is energy charge is causing huge financial loss to DBPL and under recovery of its energy cost.

You are aware that DBPL has already filed a petition for approval of energy charges before the Hon'ble Chhattisgarh State Electricity Regulatory Commission (CSERC), which is under their consideration.

In view of the above, it is requested to reverse the decision of reducing the Tariff to Rs 1.60/kWh and reinstate the energy charge of at least the initial agreed figure of Rs 1.90/ kWh, w. e. f. 01.04.2017.

An early action in this regard will be highly appreciated.

Thanking You

Sub: Verification Certificate

Pursuant to paragraph B(iii) of the Scheme for Harnessing and Allocating Koyala (Coal) Transparently in India dated May 22, 2017 issued by the Ministry of Coal ("**SHAKTI Policy**") and the amendment to the Policy dated March 25, 2019 ("**Amendment**"), we have verified the validity and enforceability of the following concluded long term power purchase agreements(s) ("**PPA(s)**") set out in **Schedule 1** below.

We hereby certify that, having regard to the provisions of the Policy, each of the above executed long term PPA(s) (here Back to Back PPA) has been executed on or after May 17, 2017 and the Bidder meets the Basic Eligibility Criteria specified in the Request for Submission of EOI dated **08, September, 2022** ("Request for Submission').

This certificate is issued on request of M/s D B Power Ltd. (DBPL) and in accordance with Assigned PPA dated 05.01.2011 made between erstwhile CSPTrdCL (now merged into CSPDCL on 08.06.2022) and DBPL. The yearly tariff for procurement of 5% / 7.5 % obligatory power by CSPDCL from DBPL is being determined by CSERC under section 86(1)(a) and section 62 of Electricity Act-2003, hence PPA may be considered as concluded PPA and adopted PPA in respect of obligatory power.

Sir,

This is in continuation to our letters dated 08.12.2022 and 31.10.2022 requesting CSPDCL to provide Discom Certificate - Annexure-XI & Schedule-1 and Adoption of PPA by the CSERC in order to avail coal under SHAKTI B (iii) coal secured by DBPL for the subject PPA.

Regret to put on record that we already had lost the chance to tie up linkage coal under FSA for Unit I of DBPL and SECL (under old LOA regime) dated 29.08.2013 towards supply of power to CSPDCL only due to delay in providing back to back PPA between CSP Tradco & CSPDCL.

As you are aware that the Shakti B (iii) is the only avenue to get secured coal for serving this PPA, the required documents are not yet provided by CSPDCL. Needless to mention that, any delay by CSPDCL in providing these documents lead to use of Spot Coal, Open Market Coal and Imported Coal which will lead to high ECR and it will be ultimately borne by the CSPDCL only.

We once again requested to provide below documents which are required for onward submission to Coal Company to avail coal under SHAKTI B(iii),

a. Discom Certificate - Annexure-XI & Schedule-1 (*Duly filled in formats are already available with CSPDCL)*

b. Copy of Adoption of PPA by CSERC.

Sir,

This is in continuation to our earlier letter dated 31.10.2022 requesting CSPDCL for requisite documents to avail coal under SHAKTI B (iii) FSA [ref #4].

You may like to recall that, DBPL vide letter dated 22.07.2022 [Ref # 5] had brought to your attention & knowledge that last date for submission of back to back PPA between CSPTrdCL and CSPDCL was 31.03.2022 for availing Annual Contracted Quantity [ACQ] under the FSA dt 29.08.2013, executed between DBPL Unit I (600 MW) and SECL. On this, we would like to bring to your notice on the latest MoM of the SLC(LT) meeting held on 28.10.2022 [Ref #1] wherein it is been reconfirmed that under the old regime of LoA-FSA, only those PPAs that are entered up to 31.03.2022 are only eligible to revise the ACQ.

The relevant portion of the MoM [refer page 15 of enclosed MoM] is reproduced as below:

Quote

> ***Recommendations:*** *In view of the deliberations in the meeting and in view of the provisions of the SHAKTI Policy which mandates fading away of the old regime of LoA - FSA, SLC (LT) recommended that irrespective of the Condition Precedent Clause of furnishing a PPA in the FSAs of the power plants signed under erstwhile nomination basis regime,* ***only those eligible PPAs entered up to 31.03.2022 may be accepted for supply of linkage coal by the coal companies.***

[Emphasis supplied]

As the back to back PPA dt 24.04.2022 between CSPTrdCL and CSPDCL was executed post cut-off date of 31.03.2022, the balance coal under FSA dated 13.08.2022 [Ref # 7] of DB Power Unit I (600 MW) got lapsed.

With the above grounds, we are left with the single option of Shakti B III and we once again requested to provide below documents on priority so that ACQ revision request of FSA dated 16.07.2022 can be placed before CCL for their due consideration.

a. Copy of adoption of PPA between CSPTrdCL and CSPDCL by CSERC

b. Submission of Discom Certificate - Annexure-XI & Schedule-I (*Duly filled in format enclosed with DBPL letter dated 31.10.2022)*

We request your cooperation and immediate necessary action in this regard.

Sir,

This is with reference to your letter dated 10.10.2022 in response to DBPL letters captioned under reference regarding coal linkage, consent for pass through of high cost coal and payment security, below is our point wise response:

1. **Issue No 1: Non-allocation of coal under Shakti Policy B (II) towards DBPL's power supply obligation on account of delay in signing back to back PPA"**

The Basic Eligibility Criteria under the Scheme Document for Round IV of SHAKTI B (II) Scheme provides for bidders having executed long term PPA based on domestic coal, that has been adopted or approved by the appropriate regulatory commission on or before May 17, 2017 to be eligible to participate in the said scheme.

The relevant clauses are given below.

*4.1.1 **Basic Eligibility Criteria***
The Bidder having already Concluded PPA(s) (as defined in Clause 1.1.21) in respect of the Specified End Use Plant(s) registered under Clause 3.1.

*1.1.22 "**Concluded PPA**" shall mean a long term PPA (both under section 62 and section 63 of the Electricity Act, 2003), based on domestic coal, which has been adopted or approved by the appropriate regulatory commission on or before May 17, 2017.*

*1.1.55 "**PPA**" shall mean the long-term power purchase agreement between the power generating source and the power procurer(s), i.e. DISCOM(s) either directly or through PTC(s) who has/have signed back to back PPA(s) with DISCOMs for a period of 7 (seven) years and above. However, the same shall not be applicable for the portion which is sold under market driven price.*

*1.1.56 "**PTC**" shall mean a power trading company, which is an electricity trader who has been granted a licence to undertake trading in electricity under Section 12 of the Electricity Act, 2003.*

Further, Schedule I to Appendix II of the enclosed Request for Expression of Interest for Round IV for auction of coal linkages under SHAKTI B(II) scheme stipulates details of back to back Power purchase Agreement between Trading company and Discom to be furnished i.e. PPA between CSP TradeCo and CSPDCL, in the instant case.

You may note that., DBPL had been relentlessly pursuing for back to back PPA between the CSP Tradco & CSPDCL, to enable eligibility of linkage coal under FSA for Unit I of DBPL and SECL (under old LOA regime) towards supply of power to CSPDCL. While a prompt action by CSP Tradco / CSPDCL could have helped DBPL in getting linkage coal for 30 MW (being 5% of Unit I), we received the back to back PPA on 13.05.2022 with a delay of approx. 7 years from the commencement of supply in Aug 2015 and after expiry of the deadline to submit PPA i.e. 31.03.2022, as set by the Ministry of Coal, to avail coal under the FSAs.

In light of not being able to secure coal under FSA (Old LOA Regime) for want of back to back PPA, DBPL participated and secured coal under Shakti B(III) scheme recently. In order to avail the Annual Contract Quantity (ACQ) for quantum of power contracted with CSPDCL, we require discom certificate and a copy of adoption of PPA executed between CSPTrdCL and CSPDCL by CSERC.

Please note that final allocation of coal would be subject to approval of the concerned agencies viz CCL, CEA etc.

2. **Issue No 4: Establishment of adequate payment security as per PPA:**

While we appreciate that CSPDCL has initiated the process to establish adequate payment security in form of Letter of Credit (LC), we would like your attention to certain key directives from MOP, NLDC etc. in the matter of requirement of maintaining sufficient PSM for continuity of power supply under contracts Viz.

(a) **Rule 6(1) of MoP LPS Rule 2022:** - "a distribution licensee or other user of transmission system, as the case may be, shall maintain unconditional, irrevocable and adequate payment security mechanism."

(b) **Rule 6(2) of MoP LPS Rule 2022:** "In case of non-maintenance of payment security mechanism generating companies, electricity trading licensees and transmission licensees shall regulate power supply to the distribution licensee in accordance with these rules."

(c) **Para no. 2 (a) of the draft procedure issued by NLDC in compliance of MoP LPS Rule 2022:** - "In case, the LC is for a shorter duration, the LDCs shall schedule the power for corresponding period for which the LC has been provided".

Currently, CSPDCL makes payments in 60 days of the receipt of bill that is generated by 5th day of the next month of the actual month of power supply', effectively availing a credit period close to 95 days against an LC (as Payment Security) that provides for a billing amount equivalent to mere 7 (seven) days.

In view of above, we request CSPDCL to provide the payment security with enhanced amount as required under PPA, and, follow timelines stipulated in the LPS rules for making payments.

Requests

1. **Documents Required for availing ACQ under SHAKTI B(iii)**

   i. Submission of Discom Certificate - Annexure-XI & Schedule-1
   ii. Copy of Adoption of PPA between CSPTrdCL and CSPDCL by CSERC.

   Annexure-XI & Schedule-1 – Duly filled in format is enclosed.

2. **Payment Security Mechanism**

   i. Enhancement of LC amount that is adequate as per Cl. 9.1.2 (ii) of the PPA.
   ii. CSPDCL may follow timelines stipulated in the LPS rules for making payments.

We request your cooperation and immediate necessary action in this regard.

Thanking You

Yours faithfully,
For DB Power Ltd

Sir,

I would like to draw your attention to the appended below email, in which we have been corresponding with MCL on the allocation of SHAKTI B 3 coal with respect to the power supply with CSPDCL (5% capacity of the plant). Please give us further direction in this regard so that we can obtain the coal allocation under B III for the relevant PPA.

5. Back to back PPA dated 20.04.2022 between CSPTrdCL and CSPDCL
6. PPA dated 05.01.2011 between DBPL & CSPTrdCL

Dear Sir,

We write this letter in continuation to our earlier letter dated 09.03.2023 regarding submission of valid PPA signed between DBPL and CSPTrdCL & back to back PPA between CSPTrdCL (Power Trading Company) and CSPDCL (Discom) for supply of power to CSPDCL on long term basis and its response from MCL vide email dated 05.07.2023.

As you are aware, DBPL participated in Round 3 of the auction for the SHAKTI B(iii) scheme and obtained 5,61,700 tonnes of coal from MCL IB Valley. The eligibility requirements for getting coal under this scheme are listed below.

4.1.1 ***Basic Eligibility Conditions***
The Bidder shall be required to comply with the following basic eligibility conditions under Clause 4.1.1.1 or Clause 4.1.1.2, as applicable:

DB POWER LIMITED
CIN: U40109MP2006PLC019008
Corporate Office: 3rd Floor, Naman Corporate Link, Opposite Dena Bank, C-31, Block G, Bandra Kurla Complex, Bandra (E), Mumbai – 400 051, Tel No +91-22-3930 6000, Fax No 09699610110

4.1.1.1 The Bidder should not have any valid PPA as on May 17, 2017, in respect of such capacity of the Specified End Use Plant(s) registered under Clause 3.1 for which it is desirous of participating in the Auction i.e. ***on or before May 17, 2017, the Bidder should not have any document signed by any DISCOM as PPA****. It is clarified that, in the event the Bidder has a valid PPA dated after May 17, 2017, such Bidder shall be permitted to participate in the Auction.*

4.1.1.2 If the Bidder is ***unable to submit the requisite DISCOM certificate, rendering him ineligible to participate under B(ii) auctions, he will be permitted to participate in B(iii) auctions. In that case, he will be required to submit a valid PPA within 2 years of auction for signing of the FSA.*** *However, on a later date if the IPP bidder gets a DISCOM certificate of having a valid PPA (prior to May 17, 2017), he may be allowed to participate in future B(ii) auction. In that case, once FSA for B(ii) linkage is signed, Letter of Assurance (LoA)/ Linkage/ FSA for B(iii) will automatically be terminated.*

1.1.46 *"PPA" shall mean the medium term (exceeding 1 year but up to 7 years) and/or long term (7 years and above) power purchase agreement between the power generating source and the power procurer(s), i.e. DISCOM(s)/SDA either directly or* ***through PTC(s) who has/have signed back to back PPA(s) with DISCOMs/SDA****. However, the same shall not be applicable for the portion which is sold under market driven price.*

(Emphasis supplied)

Unquote:

As per the above clause of the Shakti B (iii) Scheme document, **DB Power Limited has submitted two power purchase agreements** viz.

1. Power purchase agreement executed between the power generating source (i.e DB Power, in the instant case) and the PTC (i.e. **Chhattisgarh State Power Trading Company – CSPTrdCL, in the instant case**), on 05.01.2011, for a capacity of 35% of the Plant, i.e 420 MW out of 1200 MW

2. Back to back power purchase agreement executed between the PTC **(i.e Chhattisgarh State Power Trading Company – CSPTrdCL, in the instant case)** and the power procurer DISCOM (i.e Chhattisgarh State Power Distribution Company Limited) on **20.04.2022** which is after the cut off, for a part capacity of 5%, i.e, **60 MW out of 420 MW PPA** signed between DB Power & CSPTrdCL.

In order to present a background, DBPL and CSPTrdCL (A Power Trading Company as defined vide clause 1.1.47 of the Scheme document *"PTC" shall mean a power trading company, which is an electricity trader who has been granted a license to undertake trading in electricity under Section 12 of the Electricity Act, 2003)* entered into a Long term PPA on 05.01.2011 for supply of power to the extent of (30+5)% of the plant capacity on 05.01.2011. This PPA is a composite PPA with provision for 30% of the installed capacity (360 MW) to be supplied based on tariff determined by the Regulatory Commission and 5% of the net generation (~60 MW) to be supplied on Energy Charge basis. The CSPTrdCL, which is a trading company, had further signed a back to back PPA with CSPDCL (Discom) for part quantum of 60 MW on Energy Charge Basis, on 20.04.2022. So, the PPA between the generating company with Discom through Power Trading company was necessarily executed after the cutoff date of 17 May 2017.

It is worth noting that, as per clause **4.1.1**, '*on or before May 17, 2017, the Bidder should not have any document signed by any DISCOM as PPA.*' We would like to reiterate that DB Power did not possess any PPA with the CSPDCL (CG State Discom) directly or through CSPTrdCL before the cutoff date of May 17, 2017, as the back-to-back PPA between CSPTrdCL (Power Trading Company – PTC) and CSPDCL (DISCOM) was executed on April 20, 2022, well after the cutoff date.

We seek your attention to the certificate issued the CG state DISCOM (CSPDCL) vide letter dated 02.03.2023, which states that DBPL met the basic eligibility of executed Long Term PPA with the Discom (i.e back to back PPA for 5% Power at Energy charge basis) on or after 17th May 2017 as per the provisions of SHAKTI policy. Also, it has been duly certified by CSPDCL that the above said PPA may be considered as a concluded PPA and adopted PPA in respect of supplying obligatory power to CSPDCL.

We regret to mention that, in stark contrast to the facts and supporting documents presented above, MCL emailed us on July 5, 2023, advising us to look into the possibility of coal linkage under SHAKTI B(ii) rather than processing the application that DBPL had submitted. Along with the fact that the subject PPA only operates on an Energy Charge basis, which means that no Tariff discount will be applicable for this PPA — which is the fundamental requirement for bidding under Shakti B(ii) — we have already shown that the PPA with Discom was after the cutoff date of May 17, 2017

We emphasize once again that in compliance to the SHAKTI policy scheme document dated 08.09.2022, clause 3.6.6.1, DBPL had submitted valid PPAs (i.e. PPA for 35% with Trader and 5% out of 35%, with Discom on a back to back basis, along with the Certificate of DISCOM in the format provided in Annexure XI of the Scheme Document with MCL. We humbly request MCL to consider our proposal and allot ACQ to fulfil the PPA quantum, which is 3,39,660 MTPA of G13 coal; the computation is in accordance with the Norms for Annual Contracted Quantity (ACQ) for Thermal Power Plants to be effective from 14.07.2021, is provided in Annex A.

A favourable action in this regard shall be highly appreciated.

Dear Sir,

In reference to the trailing e-mail this is to inform you that, the said PPA between DB Power Ltd & CSPDCL is ineligible for the coal supply under SHAKTI B(III). DB Power limited may explore the possibilities of securing coal linkage through windows of SHAKTI B(II).

Dear Sir,

We write in relation to the denial of coal supply allocation by MCL under the SHAKTI B(III) scheme against a long-term Power Purchase Agreement (PPA) with the CSPDCL. MCL has advised DBPL to **take up the matter with CEA for clarification or directions.**

99 89

Section 1 - Key Facts with respect to Power Purchase Agreement and Supply of Power:

a. A power purchase agreement was executed between the power generation source (DBPL) and Chhattisgarh State Power Trading Company (CSPTrdCL) on **05.01.2011** for supply of 5% of the net generated power at the Energy (variable) charges as well as for supply of 30% of the aggregate capacity of the generating units at the tariff as may be approved by the Appropriate Commission. Copy of the PPA is enclosed as Annexure 1.

b. CSPTrdCL has been procuring up to 5% of the net generate power generated at the Energy (variable) charges. This power is then procured by the discom i.e. Chhattisgarh State Power Distribution Company Limited on a back-to-back basis **without any formal power purchase agreement with the discom.** However, on request of DBPL, CSPDCL provided a confirmation that the power is being procured on back to- back basis by the discom, for onward submission to Coal India. Copy of confirmation from CSPDCL is enclosed as Annexure 2.

c. Subsequently, **on 22.04.2022**, a power purchase agreement was executed between CSPTrdCL and the power procurer discom (CSPDCL) for part capacity of 5%, i.e., 60 MW out of 420 MW PPA signed between DBPL and CSPTrdCL. Thereafter, CSPTrdCL communicated via a letter dated 24.08.2022, stating that CSPTrdCL stands dissolved and merged into CSPDCL, implying the PPA for the entire capacity of 420 MW (5% + 30%) is directly with the discom effective 24.08.2022. Copy of back-to-back PPA and the letter communicating amalgamation are enclosed as Annexure 3 and Annexure 4 respectively.

d. Coal for supply under this PPA was being procured by DBPL from the most economically available alternate sources (other than FSA Coal) mainly through e-auctions conducted by Coal India Limited.

Section 2 - Issue at hand pertaining to eligibility of DBPL for allocation of coal linkage:

a. While DBPL made multiple attempts to avail allocation of ACQ under an FSA allocated under the old LOA- FSA regime, SECL (a subsidiary of Coal India Limited) denied allocation of ACQ citing absence of **back to back agreement with CSPDCL for the aforesaid PPA**. DBPL continued to communicate the same to CSPTrdCL requesting submission of a back to back PPA, however, to no avail. Subsequently, the said FSA quantity stood expired on 31.03.2022. Copy of communication from SECL is enclosed as Annexure 5.

b. Meanwhile, DBPL participated in Round 3 of the auction for the SHAKTI B(iii) scheme and secured 5,61,700 tonnes of coal from MCL IB Valley.

c. Based on the secured quantum under SHAKTI B(iii) and receipt of the back to back PPA between CSPTRDCL and CSPDCL in April 2022, DBPL approached MCL (another subsidiary of Coal India Limited) for allocation of ACQ within the said quantity secured from MCL IB Valley. Copy of communication from DBPL to MCL is enclosed as Annexure 6.

DBPL applied for allocation of ACQ under the SHAKTI B(iii) based on compliance with basic eligibility conditions as elaborated below:

i. As per clause 4.1.1 under the scheme document for SHAKTI B(iii), the bidder should not have any document signed by any DISCOM as a PPA on or before May 17, 2017. Since DBPL did not possess any PPA with CSPDCL (CG State Discom) directly or through CSPTrdCL before the cut-off date and the back-to-back PPA between CSPTrdCL and CSPDCL was executed on April 20, 2022 (well after the cut-off date), the company adequately fulfilled the criteria. In fact, the first true-up order for approval of energy charges under the PPA with the CSPTrDCL was obtained as late as 01.01.2020. Copy of the tariff true up order is enclosed as Annexure 7.

ii. Furthermore, CSPDCL also issued discom certificate vide a letter dated 02.03.2023, stating that DBPL met the basic eligibility of executed Long Term PPA with the discom (i.e. back to back PPA for 5% Power at Energy charge basis) on or after May 17, 2017, as per the provisions of SHAKTI policy and the above said PPA may be considered as a concluded PPA and adopted PPA in respect of supplying obligatory power to CSPDCL. Copy of the discom certificate is enclosed as Annexure 8.

d. In stark contrast to the facts and supporting documents presented above, MCL responded on 05.07.2023, advising DBPL to explore possibilities of securing coal linkage through windows of SHAKTI B(II). Copy of the response from MCL to DBPL is enclosed as Annexure 9.

e. DBPL responded to MCL, vide letter dated 06.08.2023, elaborating in detail that

a. DBPL fully complies with the eligibility criteria under SHAKTI B (3) scheme and

b. tariff discount mechanism stipulated under Shakti B (ii) scheme will not be applicable for this PPA that operates only on energy charge basis.

Copy of letter dated 06.08.2023 from DBPL to MCL is enclosed as Annexure 10

f. MCL, vide letter email dated 22.11.2023, reiterated its stance on the matter and advised DBPL **may take up with CEA for any further clarification or directions in the matter.** Copy of the response from MCL to DBPL is enclosed as Annexure 11.

Section 3 - DBPL Submissions to CEA

While one CIL subsidiary (SECL) denied allocation of linkage (under old LOA – FSA regime) citing the absence of a back to back PPA with a discom, another subsidiary company (MCL) of CIL has advised DBPL to explore the possibilities of securing coal linkage through alternate windows of SHAKTI Scheme i.e. SHAKTI B(II), under which the basic eligibility condition is that the PPA should have been *executed, adopted or approved by the appropriate regulatory commission on or before May 17, 2017.*

It is incomprehensible on how reasons cited by two subsidiary company of CIL in denying allocation of linkage coal against a long term PPA, reflecting **contradicting stances in recognising the PPA executed with a power trading company i.e. CSPTrdCL.**

We request CEA to examine the above submissions in elaborate detail and provide necessary clarification in this regard.

We assure you of our full cooperation, whether it involves submitting any further information or participating in a meeting in person.

Yours faithfully,
For DB Power Ltd

8. PPA dated 05.01.2011 between DBPL & CSPTrdCL

Dear Sir,

We write in relation to the denial of coal supply allocation by MCL under the SHAKTI B(III) scheme against a long-term Power Purchase Agreement (PPA) with the CSPDCL. MCL has advised DBPL to **take up the matter with CEA for clarification or directions.**

Section 1 - Key Facts with respect to Power Purchase Agreement and Supply of Power:

a. A power purchase agreement was executed between the power generating source (DBPL) and Chhattisgarh State Power Trading Company (CSPTrdCL) on **05.01.2011**, for supply of 5% of the net generated power at the Energy (variable) charges as well as for supply of 30% of the aggregate capacity of the generating units at the tariff as may be approved by the Appropriate Commission. Copy of the PPA is enclosed as Annexure 1.

b. CSPTrdCL has been procuring up to 5% of the net generate power generated at the Energy (variable) charges. This power is then procured by the discom i.e. Chhattisgarh State Power Distribution Company Limited on a back-to-back basis **without any formal power purchase agreement with the discom.** However, on request of DBPL, CSPDCL provided a confirmation that the power is being procured on back-to- back basis by the discom, for onward submission to Coal India. Copy of confirmation from CSPDCL is enclosed as Annexure 2.

c. Subsequently, **on 22.04.2022**, a power purchase agreement was executed between CSPTrdCL and the power procurer discom (CSPDCL) for part capacity of 5%, i.e., 60 MW out of 420 MW PPA signed between *DBPL and CSPTrdCL. Thereafter, CSPTrdCL communicated via a letter dated 24.08.2022, stating that* CSPTrdCL stands dissolved and merged into CSPDCL, implying the PPA for the entire capacity of 420 MW (5% + 30%) is directly with the discom effective 24.08.2022. Copy of back-to-back PPA and the letter communicating amalgamation are enclosed as Annexure 3 and Annexure 4 respectively.

d. Coal for supply under this PPA was being procured by DBPL from the most economically available alternate sources (other than FSA Coal) mainly through e-auctions conducted by Coal India Limited.

Section 2 - Issue at hand pertaining to eligibility of DBPL for allocation of coal linkage:

a. While DBPL made multiple attempts to avail allocation of ACQ under an FSA allocated under the old LOA-FSA regime, SECL (a subsidiary of Coal India Limited) denied allocation of ACQ citing absence of **back to back agreement with CSPDCL for the aforesaid PPA**. DBPL continued to communicate the same to

CSPTrdCL connecting subsequently back to back PPA (Annexure), to no avail. Consequently, the auction quantity stood expired on 31.03.2022. Copy of communication from SECL is enclosed as Annexure 5.

b. Meanwhile, DBPL participated in Round 3 of the auction for the SHAKTI B(iii) scheme and secured 5,51,200 tonnes of coal from MCL IB valley.

c. Based on the secured quantum under SHAKTI B(iii) and receipt of the back to back PPA between CSPTRDCL and CSPDCL in April 2022, DBPL approached MCL (another subsidiary of Coal India Limited) for allocation of ACQ within the said quantity secured from MCL IB Valley. Copy of communication from DBPL to MCL is enclosed as Annexure 6.

DBPL applied for allocation of ACQ under the SHAKTI B(iii) based on compliance with basic eligibility conditions as elaborated below:

i. As per clause 4.1.1 under the scheme document for SHAKTI B(iii), the bidder should not have any document signed by any DISCOM as a PPA on or before May 17, 2017. Since DBPL did not possess any PPA with CSPDCL (CG State Discom) directly or through CSPTrdCL before the cut-off date and the back-to-back PPA between CSPTrdCL and CSPDCL was executed on April 20, 2022 (well after the cut-off date), the company adequately fulfilled the criteria. In fact, the first true-up order for approval of energy charges under the PPA with the CSPTrDCL was obtained as late as 01.01.2020. Copy of the tariff true up order is enclosed as Annexure 7.

ii. Furthermore, CSPDCL also issued discom certificate vide a letter dated 02.03.2023, stating that DBPL met the basic eligibility of executed Long Term PPA with the discom (i.e. back to back PPA for 5% Power at Energy charge basis) on or after May 17, 2017, as per the provisions of SHAKTI policy and the above said PPA may be considered as a concluded PPA and adopted PPA in respect of supplying obligatory power to CSPDCL. Copy of the discom certificate is enclosed as Annexure 8.

d. In stark contrast to the facts and supporting documents presented above, MCL responded on 05.07.2023, advising DBPL to explore possibilities of securing coal linkage through windows of SHAKTI B(II). Copy of the response from MCL to DBPL is enclosed as Annexure 9.

e. DBPL responded to MCL, vide letter dated 06.08.2023, elaborating in detail that

a. DBPL fully complies with the eligibility criteria under SHAKTI B (3) scheme and

b. tariff discount mechanism stipulated under Shakti B (ii) scheme will not be applicable for this PPA that operates only on energy charge basis.

Copy of letter dated 06.08.2023 from DBPL to MCL is enclosed as **Annexure 10**

f. MCL, vide letter email dated 22.11.2023, reiterated its stance on the matter and advised DBPL **may take up with CEA for any further clarification or directions in the matter.** Copy of the response from MCL to DBPL is enclosed as Annexure 11.

Section 3 - DBPL Submissions to CEA

While one CIL subsidiary (SECL) denied allocation of linkage (under old LOA – FSA regime) citing the absence of a back to back PPA with a discom, another subsidiary company (MCL) of CIL has advised DBPL to explore the possibilities of securing coal linkage through alternate windows of SHAKTI Scheme i.e. SHAKTI B(II), under which the basic eligibility condition is that the PPA should

(105) ~~95~~

have been [illegible] adopted or approved as the appropriate regulatory commission is to before 17.2.2017.

It is incomprehensible on how reasons cited by two subsidiary company of CIL in denying allocation of linkage coal against a long term PPA, reflecting contradicting stances in recognising the PPA executed with a power trading company i.e. CSPTrdCL.

We request CEA to examine the above submissions in elaborate detail and provide necessary clarification in this regard.

We assure you of our full cooperation, whether it involves submitting any further information or participating in a meeting in person.

Subject: Revised Scheme for Harnessing and Allocating Koyala (Coal) Transparently in India [SHAKTI], 2025

Sir,

I am directed to say that the Cabinet Committee on Economic Affairs (CCEA) had considered the Note of Ministry of Coal on 'Revising SHAKTI (Scheme for Harnessing and Allocating Koyala Transparently in India) Policy for Coal Allocation to Power Sector' on 07.05.2025 and has approved the revised provisions of the SHAKTI Policy. The Revised SHAKTI Policy, 2025 supersedes the provisions of the SHAKTI Policy, 2017 and its subsequent amendments in 2019 and 2023.

2. The SHAKTI Policy, 2025 as under is circulated to all concerned for further action. Coal India Limited and its subsidiaries and Singareni Collieries Company Limited are advised to take further action accordingly.

I. General Provisions:

i. The coal linkages already allocated under Pre-New Coal Distribution Policy (NCDP), New Coal Distribution Policy (NCDP), 2007 and various paras of the existing SHAKTI policy will continue as per existing contractual terms & agreements.

ii. Upon expiry of coal linkages secured under old policies, power producers [Central Gencos, State Gencos and Independent Power Producers (IPPs)] may apply under the Revised SHAKTI Policy, as applicable, to secure fresh linkages.

iii. Sale of power by the Power Producers [Central Gencos, State Gencos and Independent Power Producers (IPPs)] shall be in accordance with concluded Power Purchase Agreements (PPAs) (long-term, medium-term or short-term)

20/5/25

[illegible] long term/medium term PPAs can be sold [illegible] power market. The [illegible] accrued, if any, shall be shared as per the extant rules notified by Ministry of Power.

iv. A generator which terminates PPA in case of default in payment by the DISCOM, may be allowed to use existing linkage coal for sale of power through short-term PPAs using DEEP portal or Power Exchange for a period of maximum 2 years or until they find another buyer of power under long/medium term PPA whichever is earlier. Adequate safeguards to be put in place by Ministry of Power.

v. Rationalization of coal linkages shall be allowed as per the extant guidelines of Ministry of Coal.

vi. An "Empowered Committee" comprising of Secretary (Power), Secretary (Coal) and Chairperson, CEA shall be constituted to finalize methodology (s), timelines etc. wherever required, for the provisions of "Revised SHAKTI Policy".

vii. Greenfield Thermal Power Projects shall be eligible for coal linkages under the Revised SHAKTI Policy, if they are established near pithead. However, the Empowered Committee may also allow exemption / relaxation to any Greenfield power projects from the above condition, on a case-to-case basis.

viii. The remaining capacity (about 1500 MW) which is presently eligible for coal linkage under Para B (ii) of the existing SHAKTI Policy and has not availed this facility till now, even after six auction rounds, would not be eligible for coal / linkages under any Window of the Revised SHAKTI Policy and may secure coal from other available sources.

ix. Minor changes of operational nature to expand the scope of SHAKTI Policy may be decided at the level of Ministry of Coal and Ministry of Power as and when required. Larger decision points may be taken up for the concurrence of the Cabinet Committee.

II. Provisions of allocation of coal linkages:

For grant of fresh coal linkages to Thermal Power Plants of Central Sector / State Sector / Independent Power Producers (IPPs), there will be following two windows under the Revised SHAKTI Policy:

A. Coal Linkage to Central Gencos / States at Notified price:**Window–I**

B. Coal Linkage to all Gencos at a Premium above Notified price:**Window–II**

A. Window-I (at Notified price):

i. **Central Genco Thermal Power Projects (TPPs):**Existing mechanism for granting of coal linkage to Central Sector Thermal Power Projects (TPPs) including Joint Ventures (JVs) & Subsidiary(ies), from Coal India Limited (CIL) / Singareni Collieries Company Limited (SCCL), shall be continued based upon recommendation from Ministry of Power.

ii. **States:** Coal linkages may be earmarked to the respective States, as per

20/05/25

109

[illegible] Ministry of Power [illegible] the Power [illegible] Section [illegible] II (A) (i) above. This route can be utilized by the State for any or all of the following

a. Its own State Generating Company (GENCO).

b. Independent Power Producers (IPPs) (Successful bidder(s) to be identified for fresh PPAs through Tariff Based Competitive Bidding (TBCB) for long / medium term procurement of Power.

c. Existing IPPs having PPA under Section 62 of the Electricity Act 2003 for setting up of a new expansion unit having PPA under Section 62, limited to expansion permissible in accordance with the Tariff Policy.

d. Joint Ventures (JVs) formed between or within CPSUs and State Government / State PSUs shall be eligible for this window.

iv. State using Tariff Based Competitive Bidding (TBCB) route, can either purchase power from the commissioned thermal capacities or it can offer earmarked coal linkage for creation of new thermal capacity.

v. Two or more States may aggregate their power requirement and approach for earmarking of coal linkage for tying up of the power through TBCB. Procurement of Power can be made by an agency authorized by such States. Coal linkages may be earmarked to the authorized agencies on the recommendation of Ministry of Power also by the mechanism as mentioned in Para 2 (II) (A) (i) above.

B. Window-II (Premium above Notified Price):

i. Any Power Producer, irrespective of ownership i.e. Central Genco, State Genco and Independent Power Producers (IPPs), including under construction and planned capacity, whether having PPA or untied, may participate in this window to secure coal linkage on auction basis for a period upto 12 months or for the period of more than 12 months upto 25 years by paying premium above the Notified Price.

ii. Imported Coal Based (ICB) Plants may be allowed to secure coal under the Window-II provided that the benefits accrued, if any, shall be pass through to the beneficiaries through a methodology approved by Appropriate Regulatory Commission.

iii. Existing Fuel Supply Agreement (FSA) holders may be allowed to secure coal under the Window-II after procuring 100% of the Annual Contracted Quantity (ACQ) coal under existing FSA. Power Plants having FSAs executed under SHAKTI B (ii) will be eligible to participate in this option to meet the PPA requirement of the linked capacity. However, Appropriate Regulatory Commission to determine the applicable discount on tariff for the coal secured under this Window by SHAKTI B (ii) FSA holders. Further, a 'Self Declaration' mentioning that coal is utilized for linked capacity only, in a format prescribed by the Coal Company, shall be submitted by the successful bidders of existing SHAKTI B (ii) linkage holders securing linkage over 100 % ACQ under Window-II.

iv. There will be following two auction mechanisms under Window -II:

20/07/24

(110) (100)

iii. **Short Term Auction**: Half yearly auction to secure coal linkage for Short term demand up to 12 months [illegible]

iv. **Long Medium Term Auction**: Yearly auction to secure coal linkage with a utilisation period of more than 12 months and upto twenty-five (25) years.

v. The Electricity generated, through coal linkage under Window-II, can be either:

a. Sold in Energy Exchange in short term through a transparent bidding process.

b. Supplied through existing PPAs of Domestic Coal Based (DCBs) power plants.

c. Supplied through existing PPAs based on imported coal by Imported Coal Based (ICBs) power plants.

d. Supplied against fresh Long Term (LT)/Medium Term (MT) PPAs, to be obtained through Tariff Based Competitive Bidding (TBCB) undertaken by the Discoms /States.

e. The detailed methodology for Short Term, Medium Term/ Long Term auctions shall be finalized by the "Empowered Committee".

3. The action taken report shall be sent to Ministry of Coal from time to time.

Methodology for allocation/earmarking of coal linkage under Window I of Revised SHAKTI Policy, 2025 for Power Sector

1. The Cabinet Committee on Economic Affairs (CCEA) has approved the Revised SHAKTI (Scheme for Harnessing and Allocating Koyala Transparently in India) Policy for Coal Allocation to Power Sector on 07.05.2025. The Ministry of Coal (MoC) vide letter dated 20.05.2025 has issued the Revised SHAKTI Policy, 2025.

2. The Revised SHAKTI Policy, 2025, provides for two windows for grant of fresh coal linkages to Thermal Power Plants/ Projects (TPPs) as under :

a) Window I: Coal linkage to Central GENCOs/ State Governments at Notified Prices.

b) Window II: Coal linkage to all GENCOs at a premium above Notified Prices.

3. The Revised Shakti Policy, 2025, provides that the Empowered Committee may finalize methodology (s), timelines etc. for the provisions of the Policy.

4. Greenfield Thermal Power Projects shall be eligible for coal linkages under the Revised SHAKTI Policy, 2025, if they are established near pithead. However, the Empowered Committee may also allow exemption/ relaxation to any Greenfield thermal power projects from the above condition, on a case-to-case basis. The SLC(LT) shall be authorized to grant coal linkage to all such Greenfield power projects which are proposed to be established in the coal source state or in the adjoining state, preferably within a radial distance of 300 kms from coal source, without referring the same to the Empowered committee.

5. Accordingly, methodology for allocation/ earmarking of coal linkage to Central GENCOs/ State Governments has been formulated and given as under:

6. Coal Company(ies) shall formulate Terms and Conditions of Letter of Assurance (LoA)/ Fuel Supply Agreement (FSA) in line with this methodology and subsequent amendments, if any.

7. Coal linkage may be allocated to Central GENCOs including joint ventures[1] subsidiary(ies), based on recommendation of the Ministry of Power (MoP). Coal linkage can be for 'under planning'/ 'under construction' as well as commissioned TPPs of Central GENCOs.

8. Coal linkages may be earmarked to the State Governments / Group of States (aggregating their power requirement and approach for earmarking of coal linkage for tying up of power through TBCB), based on recommendation of MoP. The earmarked coal linkage can be utilized by the State Government for allocating coal linkage to any of the following TPPS:

a) State-owned Generating Company (GENCO) including joint ventures[2]/ subsidiaries.

b) Existing IPPs having PPA under Section 62 of the Electricity Act, 2003 for setting up of a new expansion unit limited to expansion permissible in accordance with the Tariff Policy notified by MoP..

c) Successful bidder(s) to be identified for fresh PPAs through Tariff Based Competitive Bidding (TBCB) .

9. State Governments may allocate the earmarked coal linkage to TPPs which are under planning or under construction or commissioned or also to TPPs to be selected through TBCB.

Provided that total thermal power generation capacity for which earmarking of coal linkage is sought by the State Government, should not be more than the additional coal-based capacity requirement indicated under Resource Adequacy study of the State.

Provided further that one or more State Government(s)/ State Designated Agency (SDA) shall identify the successful bidder(s) within 1 (one) year from the date of earmarking of coal linkage by MoC, failing which earmarked coal linkage may lapse.

[1] 'Joint Venture' shall mean a joint venture formed between or within CPSUs or between CPSUs and State Government/ State PSUs.
[2] 'Joint Venture' shall mean a joint venture formed between or within CPSUs or between CPSUs and State Government/ State PSUs or within State PSUs.

[illegible] shall meet the following eligibility conditions:

a) It should not be linked to any captive coal block.

Provided that in case, such captive coal block is unable to meet full coal requirement of the thermal power plant(s), coal linkage may be allocated/ earmarked only for the remaining capacity keeping in view the approved mining plan.

b) Before applying for coal linkage for 'under planning' thermal power project, Pre-Feasibility Report (PFR) shall be approved by the Board of the Central GENCO or State GENCO or IPPs/ Existing IPP/ or successful bidder, as the case may be.

11. Process of Application, Recommendation, Approval and Intimation of Coal Linkage:

a) Central GENCOs shall apply to Ministry of Power (MoP) for allocation of coal linkages to TPPs along with filled format as attached at **Annexure-I**.

b) In respect of State GENCOs or IPPs/ Existing IPPs , the State Government/ SDA shall apply to MoP for earmarking of coal linkages along with filled format as attached at **Annexure-II**.

c) To procure power from thermal power plants to be identified for fresh PPAs through TBCB, State Government/ SDA shall apply to MoP for earmarking of coal linkage along with duly filled format as attached at **Annexure-III**.

d) After examination of an application for allocation/ earmarking of coal linkage, MoP (in consultation with CEA) may recommend allocation or earmarking of coal linkage, as the case may be, to MoC.

e) The recommendation of MoP may be considered by the Standing Linkage Committee (Long Term) - SLC(LT) of MoC for allocation or earmarking of coal linkage, as the case may be.

f) Based on the recommendation of SLC(LT), MoC may decide as regards allocation or earmarking of coal linkage, as the case may be.

g) After allocation/ earmarking of coal linkage by MoC, the Coal Company(ies) shall identify and intimate coal source to the Central GENCO/ State Government indicating the quantity, likely mode of dispatch and representative quality of coal (GCV/ Grade).

12. Computation of eligible coal quantity against allocated/ earmarked coal linkage shall be based on the prevailing norms of ACQ (annual contracted quantity) issued by CEA.

(117) (107)

Timelines for commitment guarantee, LoA, FSA and coal drawl:

a) **Thermal power projects under Planning/ Under Construction**

i) Commitment guarantee shall be submitted by Central GENCO or State GENCO or IPP / Existing IPP as the case may be, to Coal Company within 2 (two) months from the date of allocation/ earmarking of coal linkage by MoC. In case of successful bidder(s) to be selected for fresh PPA through TBCB process, commitment guarantee shall be submitted within 2 (two) months from the date of issuance of Letter of Award by State Government/ SDA.

ii) A Letter of Assurance (LoA) shall be issued by Coal Company within 2 (two) months from the date of receipt of commitment guarantee.

iii) Central GENCO or State GENCO or State IPP, as the case may be, shall place the order of Main Plant (BTG) within 2 (two) years from the date of allocation/ earmarking of coal linkage by MoC. In case of successful bidder(s) to be selected for fresh PPA through TBCB process, successful bidder(s) shall place the order of Main Plant (BTG) within 2 (two) years from the date of signing of PSA with State Government/ SDA. Once orders are placed, the same shall be communicated by Central GENCO or State GENCO or IPP /Existing IPP or successful bidder(s) to the Coal Company as soon as possible.

iv) Fuel Supply Agreement (FSA) between the Coal Company and Central GENCO or State GENCO or IPP / Existing IPP State IPP or successful bidder, as the case may be, may be signed within 2 (two) years from the date of issuance of LoA subject to fulfilment of other conditions of the LoA.

v) Drawl of coal shall begin within 5 (five) years from the date of signing of FSA.

vi) Extension to the above timelines may be mutually agreed between the Central GENCO or State GENCO or State IPP or successful bidder, as the case may be, and Coal Company on case to case basis.

b) **Commissioned Thermal Power Plants**

i) FSA may be signed within 3 (three) months from the date of allocation/ earmarking of coal linkage by MoC.

Provided that in case of successful bidder(s) to be selected for fresh PPA through TBCB process, FSA shall be signed within 3 months of issuance of Letter of Award to successful bidder(s) by State Government/ SDA.

Provided that in case of successful bidder(s) to be selected for fresh SPA through TBCB process, drawl of coal shall start as per the timelines mentioned in PPA, or within 2 years of signing of FSA, whichever is earlier.

c) Extension to these timelines may be mutually agreed between the central (SLNOC) or State (SLNOC) or State IPP or successful bidder, as the case may be, and Coal Company on case to case basis.

14. Usage of Electricity generated:

(i) Allocated or earmarked coal linkage, as the case may be, shall be used for generation of electricity for supplying the same to the electricity grid.

(ii) Allocated or earmarked coal linkage shall not be put to captive usage.

(iii) On-Requisitioned Surplus power generated using allocated/ earmarked coal linkage can be sold in power market.

[illegible] SHAKTI Policy 2025 for Power Sector

1. The Cabinet Committee on Economic Affairs (CCEA) has approved the Revised SHAKTI (Scheme for Harnessing and Allocating Koyala Transparently in India) Policy for Coal Allocation to Power Sector on 07.05.2025. The Ministry of Coal vide letter dated 20.05.2025 has issued the Revised SHAKTI Policy, 2025.

2. The Revised SHAKTI Policy, 2025, provides for two windows for grant of fresh coal linkages to Thermal Power Plants/ Projects (TPPs) as under:

a) Window I: Coal linkage to Central GENCOs/ State Governments at Notified Prices.

b) Window II: Coal linkage to all GENCOs at a Premium above Notified Prices.

3. Revised SHAKTI Policy, 2025, also provides that there will be two auction mechanisms under Window II as under:

a) Short term Auction: Half yearly auction to secure coal linkage for a utilization period of upto 12 months, to cater the short-term power demand.

b) Long/Medium term Auction: Yearly auction to secure coal linkage with utilization period of more than 12 months and upto 25 years.

4. As per the Revised SHAKTI Policy, 2025, the detailed methodology for Short term/ Medium term/ Long term auctions to be carried out under Window II, may be finalized by the "Empowered Committee".

5. Coal companies shall carry out the entire process for short term auction as well as medium/ long term auctions. An Auction Portal shall be developed by the coal company(ies).

6. Greenfield Thermal Power Projects shall be eligible for coal linkages under the Window-II of Revised SHAKTI Policy, if they are established near pithead. However, the Empowered Committee may also allow exemption/ relaxation to any Greenfield thermal power projects from the above condition, on a case-to-case basis. The SLC(LT) shall be authorized to grant coal linkage to all such Greenfield power projects which are proposed to be established in the coal source state or in the adjoining state, preferably within a radial distance of 300 kms from coal source, without referring the same to the Empowered committee.

7. Accordingly, methodologies for auction for Short-Term (upto 12 months) and Medium-Term (7 years)/ Long term (25 years) under Window II has been formulated which are given as under:

A) Methodology for auction of coal linkages for Short-Term (Half yearly auction):

1. **Periodicity of auctions:**

Auction of coal linkages will be carried out at least once in every 6 (six) months.

2. **Identification of coal for Auction:**

a) The Coal Companies will earmark areas/ mines and publish the same on the Auction Portal well in advance before each auction.

b) The coal companies shall indicate the representative quality of coal (GCV/ Grade), the quantum of coal available/ proposed for auction along with source, likely mode of dispatch, period for which such coal shall be made available.

3. **Eligibility of TPPs for participation in auctions:**

a) Any commissioned TPP or unit, whether having PPA or not

Provided that the thermal power capacity as mentioned at paragraph 2 (l) (viii) of the Revised SHAKTI Policy, 2025 shall not be permitted to participate in this window.

b) Imported coal-based plants (ICB) having PPA(s)

Provided that they pass through benefits accrued, if any, to the PPA holder(s).

Provided further that such plants shall submit approved methodology for passing of benefits accrued, by appropriate Regulatory Commission within a period of 1 year from the date of completion of auction.

c) Existing Fuel Supply Agreement (FSA) holders

Provided that they procure 100% of Annual Contracted Quantity (ACQ) under existing FSA. For this purpose, TPPs are required to submit an undertaking of 100% procurement of ACQ quantity and details of procurement of coal under FSA for the previous Financial Year.

Provided further that in case procurement under TPP is found to be less than 100% of ACQ for any particular year (for reasons not attributable to TPP), then such quantum will be reduced from its eligible coal quantity for subsequent year.

Note:

- Procurement means advance payment for coal supply.
- In case of Central/ State GENCO, ACQ will be considered at plant level.

d) TPPs having FSAs executed under paragraph B(ii) of erstwhile SHAKTI Policy

Provided that participation in auction shall be to meet the PPA requirement for the linked capacity.

Provided further that TPP shall approach Appropriate Regulatory Commission for determination of applicable discount on tariff for coal secured under this Window.

Provided also that a 'Self Declaration' mentioning that coal is utilized for linked capacity only, in a format prescribed by the Coal Company.

4. **Eligible coal Quantity:**

Eligible coal quantity = Coal requirement at 100% PLF for total installed capacity - Existing coal linkages and/or quantity available from Captive Coal block, if any, as per approved mining plan.

Note: The coal requirement shall be calculated as per prevailing ACQ Norms issued by CEA but at 100% PLF, considering equivalent coal grade.

5. **Utilization of coal:**

The lifting period for the auctioned coal will be 6 months from the date of signing of FSA, subject to extant railway rules related to non-lapsing of coal. Successful bidders will have to utilize the coal within 6 months from the end of the lifting period or 12 months from the date of signing of FSA, whichever is later.

After the utilization of full coal quantity, successful bidders will submit the Self Certificate (tranche-wise) to Coal Company within one month, confirming that the auctioned coal has been utilized for the specified end use only.

6. Return of Bank Guarantee (BG) and period of BG:

In case of any BG deposited by successful bidder(s), the coal company shall release the same for the utilized coal quantity within 1 month, after the submission of coal utilization certificate by successful bidders.

7. Usage of Electricity generated:

a) Electricity generated can be supplied against PPAs.

b) Electricity generated can be sold in Power Market Platforms in accordance with Regulations framed by CERC / in short term through a transparent bidding process/ DEEP Portal.

c) The Un-Requisitioned Surplus power generated using linkage coal for serving long term/medium term PPAs can be sold in Power Market Platforms as approved by the CERC.

(B) Methodology for auction of coal linkage – for Medium/Long Term

1. **Periodicity of auctions and duration of FSA:**

a) Auction of coal linkages will be carried out on yearly basis for catering the power sector requirement for Medium/ Long term.

b) Auction of coal linkages for Medium term will be for a period upto 7 years, whereas auction of coal linkages for Long term will be for a period upto 25 years.

c) FSA may be signed for a period of more than 12 months and upto 7 years in case of Medium term and for a period of more than 7 years and upto 25 years in case of Long term, as per the request of successful bidders and as per the offer of coal by Coal Companies based on availability.

d) Yearly auction for any Financial Year (April-March) shall be completed by March of previous FY (including signing of FSA/LoA).

2. **Identification of coal for Auction:**

The Coal Companies will earmark areas/ subsidiaries , which will be allocated for use as per these guidelines and publish the same on the Auction Portal, well in advance before each auction, indicating the representative quality of coal (GCV/ Grade), the quantum of coal available/ proposed for auction, period for which such coal shall be made available and the schedule for start of supply of coal.

3. **Eligibility of TPPs for participation in auctions:**

i. Any TPP (including under construction/ under planning capacity), whether having PPA or not

Provided that the thermal power capacity as mentioned at Para 2 (I) (viii) of Revised SHAKTI Policy, 2025 shall not be permitted to participate in this window.

ii. Imported coal-based plants (ICB) having PPA(s)

Provided that they pass through benefits accrued, if any, to the PPA holder(s).

Provided further that such plants shall submit approved methodology for passing of benefits accrued, by appropriate Regulatory Commission within a period of 1 year from the date of completion of auction.

iii. Existing Fuel Supply Agreement (FSA) holders

Provided that they procure 100% of Annual Contracted Quantity (ACQ) under existing FSA. For this purpose, TPPs are required to submit an undertaking of 100% procurement of ACQ quantity and details of procurement of coal under FSA for the previous Financial Year.

Provided further that in case, procurement of such TPP is found to be less than 100% ACQ quantity for any particular year (for reasons not attributable to TPP), then such quantum will be reduced from its eligible coal quantity or/and from ACQ of the FSA signed under this Window for subsequent year.

Note:

- Procurement means advance payment for coal supply.
- In case of Central/ State GENCO, ACQ will be considered at plant level.

iv. TPPs having FSAs executed under paragraph B(ii) of erstwhile SHAKTI Policy

Provided that participation in this auction shall be to meet the PPA requirement of the linked capacity.

Provided further that TPP shall approach Appropriate Regulatory Commission for determination of applicable discount on tariff for coal secured under this Window.

Provided also that a 'Self Declaration' mentioning that coal is utilized for linked capacity only, in a format prescribed by the Coal Company.

4. **Eligible coal Quantity:**

Eligible coal quantity (MTPA) = Coal requirement at 100% PLF for total installed capacity - Existing coal linkages and/or quantity available from Captive Coal block, if any, as per approved mining plan.

Note: The coal requirement shall be calculated as per prevailing CEA Norms but at 100% PLF, considering equivalence coal grade.

5. **Timelines for commitment guarantee, LoA, FSA and Coal drawl:**

a) TPPs Under Planning/ Under Construction

i) Commitment guarantee shall be submitted by the successful bidder(s) within 2 months from the date of completion of auction process.

ii) A Letter of Assurance (LoA) shall be issued by Coal Company to the successful bidder(s) within 2 (two) months from the date of receipt of commitment guarantee.

Successful Bidder(s) shall place the order of Main Plant (BTG) within 2 (two) years from the date of completion of auction process. Once orders are placed the same shall be communicated by the successful bidder(s) to the Coal Company as soon as possible.

iv) FSA may be signed within 2 (two) years from the date of issuance of LoA subject to fulfilment of other conditions of the LoA.

v) Drawl of coal shall begin within 5 (five) years from the date of signing of FSA.

vi) Extension to the above timelines may be granted by MoP on case to case basis, in consultation with coal companies.

b) Commissioned TPPs

i) FSA may be signed within 3 months of completion of auction process

ii) Drawl of coal shall start within 3 months after the signing of FSA.

c) Extension to these timelines may be mutually agreed between the successful bidder and Coal Company on case to case basis.

6. **Utilization of coal:**

a) The TPPs shall lift the auctioned coal as per terms and conditions of FSA.

b) TPPs shall submit an annual certificate to coal company confirming that the auctioned coal has been utilized for the specified end use.

7. **Usage of Electricity generated:**

a) Electricity generated can be supplied against PPAs.

b) Electricity generated can be sold in Power Market Platforms in accordance with Regulations framed by CERC/ in short term through a transparent bidding process/ DEEP Portal.

c) The Un-Requisitioned Surplus power generated using linkage coal for serving long term/medium term PPAs can be sold in Power Market Platforms as approved by the CERC.

Shram Shakti Bhawan, New Delhi
Dated: 31st July, 2013

To,

The Secretary,
Central Electricity Regulatory Commission,
Chanderlok Building, Janpath,
New Delhi

Subject: Impact on tariff in the concluded PPAs due to shortage in domestic coal availability and consequent changes in NCDP.

Ref: CERC's D.O. No. 10/5/2013-Statutory Advice/CERC dated 20.05.13

Sir,

In view of the demand for coal of power plants that were provided coal linkage by Govt. of India and CIL not signing any Fuel Supply Agreement (FSA) after March, 2009, several meetings at different levels in the Government were held to review the situation. In February 2012 it was decided that FSAs will be signed for full quantity of coal mentioned in the Letter of Assurance (LoAs) for a period of 20 years with a trigger level of 80% for levy of disincentive and 90% for levy of incentive. Subsequently, MoC indicated that CIL will not be able to supply domestic coal at 80% level of ACQ and coal will have to be imported by CIL to bridge the gap. The issue of increased cost of power due to import of coal / e-auction and its impact on the tariff of concluded PPAs were also discussed and CERC's advice sought.

2. After considering all aspects and the advice of CERC in this regard, Government has decided the following in June 2013:

i) taking into account the overall domestic availability and actual requirements, FSAs to be signed for domestic coal component for the levy of disincentive at the quantity of 65%, 65%, 67% and 75% of Annual Contracted Quantity (ACQ) for the remaining four years of the 12th Plan.
ii) to meet its balance FSA obligations, CIL may import coal and supply the same to the willing TPPs on cost plus basis. TPPs may also import coal themselves if they so opt.
iii) higher cost of imported coal to be considered for pass through as per modalities suggested by CERC.

3. Ministry of Coal vide letter dated 26th July 2013 has notified the changes in the New Coal Distribution Policy (NCDP) as approved by the CCEA in relation to the coal supply for the next four years of the 12th Plan (copy enclosed).

4. As per decision of the Government, the higher cost of import/market based e au co [illegible] ber [illegible] made a pas [illegible] ca [illegible] by [illegible] C/ SERC to the extent of shortfall in the q uantity [illegible] ted in the LOA [illegible] an d the C IL supply of domestic c oal which woud be minimum of 65%, 65%, 67% and 75% of LOA for the remaining four years of the 12th Plan for the already concluded PPAs based on tariff based competitive bidding.

5. The ERCs are advised to conside r the req uest of individual power producers in this regard as per due process on a case to case b asis in pu blic int erest. The Appropriate Commissions are requested to t ake immediate steps for the implementation of the above decision of the Govern ment.

This issues with the approval of MOS(P)I/C.
