CHHATTISGARH STATE POWER GENERATION COMPANY LIMITED
(A Govt. of C.G. Undertaking)

No. 03-09/ True up 22-23/150 Raipur, Dtd. 07/03/2024

To,

The Secretary,
Chhattisgarh State Electricity Regulatory Commission
Irrigation Colony, Shanti Nagar, Raipur.

SUB: Additional information in respect of Petition no 10/2024.

REF: (i) CSERC Letter no P.NO.10 of 2024/2024/382 dtd. 01/03/2024.
(ii) CSPGCL letter no 03-09/True-up 22-23/144 dtd. 06/03/02024

Respected Sir,

In continuation to this office letter dtd 06/03/2044, CSPGCL humbly submits additional information and written brief of submission during TVS for kind consideration of the please.

Encl: As above

Chief Engineer (C&RA)
CSPGCL, Raipur

SUBMISSION OF ADDITIONAL INFORMATION

(W.r.t. letter no. P. No 10 of 2024/382, Raipur, Date: 01/03/2024)

1. **Query 4:** CSPGCL has claimed Net Generation of HTPS in FY 2022-23 as 5222.23 MU but according to certified DSM statements it is 5224.91 MU. CSPGCL should clarify the discrepancy.

   CSPGCL Submission: It is humbly submitted that as per well settled practice DSM statement indicates Net Injection combined for HTPS and 2x850 KW Small Hydro Plant (installed in the return canal of the main plant). In this reference foot note of Form 3 for HTPS (Page 54 of petition) may please be referred. As the generation from Small hydro plant does not fall under MYT Regulation 2021, sent out energy of 2.703175 MU (as billed) of SHP has been excluded from schedule generation as well as Net injected energy of HTPS. Accordingly, the Net Generation claimed is 5222.23 MU i.e. [5224.91 MU (DSM Statement) -2.703175 MU (Sent out of SHP as billed)]. The methodology has been adopted and approved by Hon'ble Commission in all the previous True-up petitions.

2. **Query 14:** CSPGCL has replied that it has claimed such Capitalisation in previous years also, which have been allowed by the Commission. In this regard, it is observed that CSPGCL has claimed significant expenditure of Rs. 1.3 Crore in HTPS and Rs. 14.13 Crore in DSPM, wherein DSPM capex claimed under M&G includes purchase of a new 315 MVA transformer of Rs. 9.55 Crore and other civil construction related expenses, which are capital in nature. In HTPS, a new Vertical Firefighting Pump of Rs. 0.5 Cr has been included under M&G expenses. In this context, CSPGCL should

   a. justify how a new 315 MVA transformer of Rs. 9.55 Crore can be considered as miscellaneous expenditure, not requiring prior approval under CIP.

   b. justify why such expenditures should be allowed as M&G expense.

   CSPGCL Submission:

   Preface: Before proceeding for pointwise reply CSPGCL crave leave to draw kind attention to the well settled principle and practice adopted by the Hon'ble Commission in all the previous true-up orders over more than a decade. Hon'ble Commission in the final true-up order for FY 11-12 & FY 12-13 appreciated that due to difference in applicable principle/regulations, the capitalisation for the regulatory purpose may be lower than the capitalisation appearing in the financial accounts. This was also propagated in the previous CIP order. At the same time, it

has also been acknowledged that a genuine expense appearing in the books cannot be denied just because of the difference of the nature of the expense considered from regulatory perspective vis-à-vis accounting perspective. As a fundamental principle, based on a concept of natural justice and equity, until and unless an expense is expressly proven to be imprudent and useless, the same cannot be denied. In the BAU scenario, the sum total of expense considered under the R&M head and Capital head has to remain same in the books of accounts and the regulatory books. Therefore, Hon'ble Commission has always considered the differential additional capitalisation as additional R&M expense at the time of true-up. In fact, the genesis of form-9 can be very well attributed to this fundamental principle. It may also be useful to refer to tariff order 2016-17 (table 9-18 page 148) wherein the Hon'ble Commission has allowed additional R&M expense to the tune of about 56.65 Cr (over & above the normative O&M) over the control period as these capital expenses (as per accounting standards) were considered essential but could not meet the stringent criteria specified in the regulations for consideration of additional capitalisation. It is submitted that treatment accorded in the instant petition is perfectly in line with well settled procedure.

On Point (a) & (b) : It is respectfully submitted that DSPM TPS achieved COD in Nov-2008 and has completed more than 15 years of useful life. DSPM is among the best performing Power stations of CSPGCL and is the only station with 2 nos. of 315 MVA 16.5kV/235 kV Generator Transformer installed at 2x250 MW Sets. The generator transformer is usually long lead item and its post order delivery may take more than 12-18 months. Further, erection & commissioning also take considerable time. Therefore, in case of outage of any of the GT, the period required for ordering to putting New GT in service takes considerable time and lead to huge generation loss, which is not in the interest of any stakeholder. It is further submitted that post pandemic there is huge surge in demand across the nation and power prices have soared up unprecedentedly. Any major outage would have caused higher power purchase cost which remains pass through. Therefore, considering age of the plant, lead time for delivery of GT, estimated major financial implication for the state in case of failure, it was felt prudent and essential to procure one spare Generator Transformer. It is pertinent to submit that the foresightedness of the CSPGCL management has actually benefited the state. During FY 22-23 oil leakage was detected from the lower turret of the GT of Unit#1 which could not be arrested by online measures. With the availability of the spare GT, it was possible to replace the leaking transformer with the new one. Remedial measures are being taken to ensure

healthiness of the removed GT so that the same shall remain available to meet any future exigency.

In the above back drop, it is respectfully submitted that regulation 19.2 of the MYT regulation 2021 does not have any provision that allow procurement of such spare item. The only provision under 19.2 (x) is also coupled with the rider that the expense to be claimed should be "indispensable". It is possible for a generating company to claim indispensability when there is an existing defect/ OEM recommendation or such material evidence which can substantiate the claim but at the same time in absence of any pre-existing defect, as was the case for the procurement of spare GT for DSPM TPS, the regulations did not allow filing of CIP before the Commission. It may also be interesting to note that the CERC Regulations do not impose any such restriction and all capital spares are allowed separately under O&M head (regulation 35 (6) read with 3rd proviso). Therefore, under such condition, for the regulatory purpose the expenses towards spare GT had to be booked to M&G expenses.

In view of the past precedence and in light of the path shown by CERC, CSPGCL herewith, carve leave for allowance of the cost incurred on the procurement of the spare GT (Rs 9.55 Cr) as additional M&G expense over and above the normative O&M allowed by the Hon'ble Commission. The revised Gap is submitted herewith as Annexure-I. The revised model incorporating the amendment is also being mailed separately. Hon'ble Commission is humbly prayed to allow the same.

It is also humbly submitted that alternatively, in light of the peculiar facts and circumstances of the case, Hon'ble Commission may grant ex-post facto approval for consideration of expense as Additional capitalisation. It is also pertinent to submit, that previously, in the true up order for FY 20-21 (Tariff order 22-23, para 3.12, page 92) one such additional capitalisation related to Oil Coolers of Bango HEP was considered as Capital. Presuming such consideration, the revised Gap is submitted herewith as Annexure-II. Interestingly, under such scenario, the overall gap would be lower than the gap which would be allowable if no such treatment is considered.

In the humble opinion of CSPGCL, option II i.e ex-post-facto approval of the capitalisation, may be in the larger interest of all stakeholders. The revised model with such additional capitalisation is also being mailed separately with prayer for approval of the same.

As for the rest of the items (4.58 Cr) it may please be appreciated that as per accounting practice, furniture and fixture, Kuchha & Pucca Roads, Sheds etc. are of Capital nature item therefore their capitalisation is appearing in the FAR. However, as these are not considered under CIP, for regulatory consideration, the same along with other non-qualified items have been considered as M&G Expenses. In light of the detail submission covered under the heading preface, Hon'ble Commission is prayed to approve the aforesaid expenses and all such expenditure for all the plants as submitted in the petition.

Before parting with, CSPGCL also crave leave to clarify that for HTPS as per specific order of the Hon'ble Commission except for schemes covered under change in law/ pre-approved schemes, all capital expenses are met from special allowance/ M&G head. As no specific guideline for booking under special allowance has been specified in the regulations/ order and it has been left to the discretion of utility, CSPGCL has adopted a prudent and rationale approach in the matter. Broadly, the schemes which otherwise would have qualified for inclusion in the CIP/ Additional R&M have been considered for booking under special allowance and rest of the expenses appearing in FAR have been considered as M&G expenses. It may be apt to submit that the capitalisation of firefighting pump (referred in the query) is of less than Rs 1 Cr, hence do not satisfy the touchstone test of capitalisation of more than 1 Cr specified in the Regulation 19.2 (x). As such, Hon'ble Commission is prayed to approve the HTPS expenses as prayed in the petition. Further, even at the cost of repetition it is submitted that as the special allowance is in lieu of the capitalisation its currency shall remain valid for the full control period with carry forward/ advance adjustments as may be applicable.

3. Price of Coal

CSPGCL has submitted that SECL has charged coal price as follows for its various stations:

Name of Station	Rate of coal charged by SECL (Rs/MT)	GCV (kcal/kg)
DSPM	1801.24	3461.67
HTPS	1742.42	3883.42
ABVTPS	1428.18	3492.54 (GCV of GP-III coal and SECL Coal combined)

From the above, it is observed that SECL coal rate for DSPM was highest, despite receiving lower quality of coal. CSPGCL should explain the incidence of higher coal price for DSPM.

CSPGCL Submission:

It is humbly submitted that the price of coal is an uncontrollable factor for any generating utility. The Coal cost among other things also include the incentive payable to Coal India (in accordance to the provisions of FSA), the prior period credit notes, supplementary bills etc. It is quite probable that in a one plant there may be substantial supplementary bills for the prior period which may result in apparent higher rate of coal for the declared grade of coal for the current year and at the same time in the other plant instances of grade slippages may have occurred in previous year resulting in credit notes during the current year resulting in apparent lower rate of coal in comparison to the GCV determined through third party sampling. As GCV of coal is captured on the basis of actual sampling during the year (and not on the basis of declared grade) but the payment is made on the basis of declared grade (with credit note / supplementary bills to follow), there is inevitable time lag between the GCV deviation determined through sampling and the corresponding payment. As such, a direct one to one mapping, on aggregate basis, may be grossly misleading.

For proper and prudent comparison, the month wise FCA details hold the ground. As per settled practice, over last more than 5 years (since inception of FCA mechanism with incorporation of GCV), as per directions of the Hon'ble Commission, complete FCA details with rack-wise quantity and cost of coal, Coal GCV, details of prior period adjustments (credit notes / supplementary bills) etc. are submitted on bi-monthly basis to the beneficiary as well as Hon'ble Commission. Not only this, as per directions, the computation is also forwarded to the Hon'ble members of SAC of the Commission and is also uploaded on the website. It is certified that for FY 22-23, the five bimonthly FCAs relied for the purpose of the instant petition are undisputed bills and as such qualify for consideration as settled bills. Regarding February and March, the relevant data is submitted herewith as Annexure –III (A, B & C). For easy reference a plant-wise month-wise summary of coal quantity and payments made in respect of coal received form CIL (as appearing in respective FCAs) is submitted as Annexure IV.

Still further, to clarify the apparent mismatch, CSPGCL crave leave to draw kind attention to the following crucial and important facts:

a) The SECL Coal was supplied to ABVTPS only in the month of Feb-23 & Mar-23. Without considering the prior period adjustments, the average price of SECL coal

(at mine end) for the two months for DSPM TPS was 1981.69 Rs/Ton and for ABVTPS the same was 2169.47 Rs/Ton. The Average GCV for the corresponding months was 3654.04 kCal/kg and 3096.11 kCal/kg respectively. It may be appreciated that there is no major deviation in the cost and quality of coal for the two power stations. The minor deviation is attributable to the difference in the composition of coal supply from different mines. Further, as explained during the TVS, due to coal shortages, a lot of efforts were made for obtaining coal for ABVTPS through CIL. Finally, after consistent high level efforts, SECL released coal to ABVTPS under Flexi Utilization Policy (copy submitted as Annexure V). Further, as explained during TVS, citing operational constraints, some of such coal was diverted by Indian Railway to DSPM TPS (original & secondary RR submitted as Annexure VI). The rate of coal in the month of March 23 factor the impact of the two. In the above context, it may be pertinent to submit that the FSA allows coal India to supply coal from any mine, similarly Indian railway is a government instrumentality and for CSPGCL its decisions / actions are uncontrollable.

b) Regarding HTPS it is submitted that during the year substantial credit notes for the prior period were received which resulted in lower apparent cost of Coal and negative FCA too. Without consideration of any prior period adjustment the average rate of coal for FY 22-23 for HTPS was 1818.53 Rs/Ton while for DSPM the same was 1831.49 Rs/Ton. The average GCV was 3883.42 kCal/kg and 3461.67 kCal/kg respectively. The efforts put up by CSPGCL authorities in realization of credit notes may please be appreciated.

Transportation charge of coal

CSPGCL has claimed Transportation Charges for its various plants as below:

Name of Plant	Overall Transportation charge (Rs./MT)
DSPM	242.43
HTPS	100.18
ABVTPS	652.71

In this context, CSPGCL should:

a) explain the difference in transportation charges for its different stations.

b) submit the total distance traveled by Road and rail for coal to reach each of its plants from the coal mine.

CSPGCL Submission:

a) The difference in overall transportation charges is due to the difference in the mode of transportation applicable from different plant. For HTPS coal is transported through long distance coal conveyor (LDCC), for DSPM the major transportation is through Indian Railways (with minor support by Own Wagon System (OWS)) and for ABVTPS coal brought through rail over road (ROR) mechanism. It is well settled preposition which may be verified from all previous orders too that the cost of coal transportation through LDCC remains lowest followed by coal transportation through OWS, then Indian Railways and then through road. Needless to submit that with the duel transport mode ROR remains the costliest mechanism. It may be appreciated that despite of all difficulties CSPGCL managed to survive without imported coal, otherwise not only the cost of coal but the transportation charges would have also sky rocketed.

b) The distance of HTPS from SECL Coal bunker is about 14 km. The coal is supplied to DSPM TPS from multiple coal mines with average distance of about 20 km (baring Korichapar mines which costs transportation charge for more than 100 km). For ABVTPS the road distance from GP-III mine to Robertson and Gharghoda railway siding is about 80 km and 40 km respectively, whereas rail distance from the two sidings to plant is about 77 kms and 123 kms respectively. The distance of ABVTPS from SECL mines range from about 62 km to 137 km.

4. CSPGCL should also detail if it has undertaken any competitive Bidding for awarding the transportation work of Coal in all its plant.

CSPGCL Submission:

CSPGCL adopts bidding procedure for all its procurement/ work contract in accordance to standard practice and procedure. As transportation of coal to HTPS is by way of LDCC, which is maintained by CSPGCL, no bidding is involved. For transportation of coal to DSPM TPS and from railway siding to ABVTPS Indian Railways is relied which again do not warrant any bidding. As far as road transportation of coal from GP-III mine to the two railway sidings is concerned, based on the inputs collected from dealing department, a detail note on the bidding procedure adopted, is submitted as Annexure-VII.

5. **Coal Cost claimed vs. Audited Coal Cost**

CSPGCL has claimed total coal cost of Rs. 2566.83 Crore. However, according to Note 23 of Audited Accounts, cost of coal consumed is Rs. 2454.71 Crore. CSPGCL should clarify the discrepancy.

CSPGCL Submission: As per well settled principle and practice adopted by Hon'ble Commission over more than a decade the cost of coal for the regulatory purpose and the accounts ought to vary on two significant counts:

a) The financial accounts are based on going entity concept therefore cost is booked on moving averages. Whereas for regulatory purpose, since inception of plant wise tariff determination process, Hon'ble Commission has adopted replacement cost concept. The same has been adopted for the purpose of FCA too.

b) The cost of coal from GP III mine, considered in the petition is the input price of coal from the mine. It includes the ROE, Depreciation, Interest IOWC etc. on the Capital cost incurred on mining. In the financial accounts, ROE and interest on normative loan are not captured and the tariff heads such as Depreciation, IOWC O&M etc. are not part of cost of coal. Therefore, for integrated mine the two costs (Regulatory & Accounting) ought to differ widely.

c) When comparison is made after inclusion of coal related costs appearing in accounts, it further twists the situation, because the cost of coal for the regulatory purpose is landed cost of coal whereas in the accounts, on one hand the coal related cost include cost incurred on internal CHP on the other it excludes the HR expenses and M&G expenses incurred on transportation on coal.

In view of the above the cost of coal in accounts and in the petitions ought to vary. It is this context, that since inception of plant wise two-part tariff determination, after detailed deliberations, Commission approved a well thought off methodology wherein for working out the coal related cost, relevant data is compiled from the concerned divisions and that number is added to the fuel cost and the same number is subtracted from plant O&M cost. Thus total cost gets rationally reconciled.

It is certified that in the instant petition, CSPGCL has adopted the well settled methodology without any deviation in the principles and practices adopted in previous petitions / orders.

6. Sec. Fuel Cost Claimed vs. Audited Sec. Fuel Cost

CSPGCL has claimed total secondary fuel cost of Rs. 76.78 Crore. However, according to Note 23 of Audited Accounts, cost of HSD and Furnace Oil is Rs. 74.26 Crore. CSPGCL should clarify the discrepancy.

CSPGCL Submission:

As submitted in pre para the financial accounts rely on moving averages. Whereas for regulatory purpose, Hon'ble Commission has adopted replacement cost concept. In view of the above the cost of oil in accounts and in the petitions ought to vary. This issue has also been settled by the Hon'ble Commission.

Note on Query 4 of the Letter Dtaed 01/03/2024

Based on the input received from dealing department on the subject matter related to competitive bidding process adopted for awarding the transportation work of Coal from GP II Mine to railways sidings following is submitted:

"Gare Pelma Sector-III Coal Block was allotted to CSPGCL vide Ministry of Coal, GoI vesting order No. 103/23/2015/NA dtd. 14.09.2015. M/s Adani Enterprises Limited (AEL) was selected as Mine Developer and Operator (MDO). M/s AEL formed Special purpose vehicle (SPV) namely M/s Gare Pelma-III Collieries Limited (GPIIICL) to work as MDO for Development and Operation of GP-III coal mine. Coal mine Services Agreement (CMSA) between CSPGCL and M/s GPIIICL was executed on 16.11.2017. The coal from Gare Pelma Sector-III Coal mines is being transported to the end use plant i.e. 2x500 MW, ABVTPS, Plant Distt.-Janjgir Champa.

Regarding road transportation of coal, Clause 27.1.B of CMSA stipulated that if road transportation from Coal Handling plant to loading point required is more than 20 Km then CSPGCL and MDO will select an individual contractor through mutually agreed transparent process for determination of road transportation charges. Presently coal of GP-III coal mine is being transported through road transport to the two designated railway sidings i.e. Robertson railway siding (80 Km. distance) and Gharghoda railway siding (40 Km. distance).

For selection of transport agency for road transport of coal from stockyard/CHP of Gare Pelma Sector-III coal mines in Raigarh District to designated railway sidings, a committee was constituted. The Committee was comprising of three members of CSPGCL and two members of M/s GPIIICL. The committee finalized the Eligibility Criteria and Bid document for invitation of tender for selection of road transport agency. The bid process (Online tendering) was carried out through MSTC Portal for receiving competitive bids as per Eligibility Criteria finalized by committee and approved by the competent authority of CSPGCL.

The following process was adopted for invitation of tender for selection of the transport agency for road transportation of Coal from Stockyard/CHP of GP-III Coal Mine to designated railway sidings in MSTC portal:-

i. *The bid process (Online tendering on MSTC Platform) was carried out by MSTC for CSPGCL.*
ii. *Online bids were invited from experienced and financially capable agencies fulfilling the PQR/Eligibility criteria. The bids were submitted Online by the bidders on the portal of MSTC in two stages viz Stage-I: Online upload of Technical Bid and Initial Price offer and Stage-II: Reverse Bidding.*
iii. *The NIT was floated in National and state level newspapers as well as local newspapers of Raigarh Region and also uploaded on the website of CSPGCL for wide publicity.*
iv. *Tender document was downloaded by the prospective bidders from the website of MSTC Ltd. against payment of cost of Tender document.*

v. *Responses to queries of Bidders, as finalized by the Committee was issued to the bidders upon approval of competent authority of CSPGCL.*

vi. *Bids (Technical bid and Initial Price offer) were submitted by prospective bidders Online (on MSTC Portal) within the time line stipulated in tender document.*

vii. *Technical evaluation of bid was carried out by the Committee as per Eligibility Criteria given in the Tender Document and after opening of price bids of the Eligible Bidders ceiling price and bid decrement value was decided for second round of bidding (Reverse Bidding).*

viii. *The lowest bidder (L-I) was finalized on the basis of lowest rate received after Reverse Live Auction (RLA) based on total financial commitment worked out on composite basis (for both the sidings)after approval of the Competent authority of CSPGCL. Price negotiation was also held with L-I bidder with the approval of competent authority of CSPGCL. After finalization of tender process and approval of competent authority, CSPGCL declared L-I bidder as Successful Bidder.*

ix. *As per terms and conditions of bid document and declaring successful bidder and their rates, Letter of Award (L.O.A.) was to be issued to the Successful Bidder by the MDO and thereafter agreement was to be executed between the Successful Bidder and MDO.*

Following the above procedure, M/s Jai Ambey Road Lines Pvt. Ltd. was selected as successful bidder and communicated to MDO vide this office letter no. 04-02/GP-III/143/1580 dt 08.02.2021 with rate @ Rs. 675 per MT for Robertson railway siding (80 KM distance) for 15 Lakh Metric Tonne quantity and @ Rs. 460 per MT for Gharghoda railway siding (40 KM distance) for 15 Lakh Metric Tonne quantity with estimated contract value of Rs.170.25 Cr (excluding GST).

In the Contract Agreement executed between M/s GPIIICL & M/s JARPL the clause regarding "Contract period" was as follows:-

The contract period shall be for 12 (Twelve) months starting from the date of commencement of coal transportation i.e. 09.02.2021. The contract period can be extended for further upto 12 (Twelve) months with negotiated rates for enhanced quantity.

Accordingly, competent authority of CSPGCL had accorded approval to award the extension order for additional quantity of 30 lakh metric Tonne through MDO, M/s GPIIICL to M/s Jai Ambey Road Lines Pvt. Ltd. at their negotiated rates for item no. (1):- Road transportation of 9 Lakh MT coal from stockyard/CHP to Robertson Railway Siding (80 Km distance) @ Rs. 666.00 per metric Tonne. & for Item No. (2) :- Road transportation of 21 Lakh metric Tonne coal from stockyard/CHP to Gharghoda railway siding (40 Km distance) @ Rs. 455.00 per metric Tonne with extension of contract period from 09.02.2022 to 08.02.2023 with estimated contract value of Rs. 155.49 Cr. (Excluding GST) at the same terms and conditions of original contract.

Following the same procedure, the contract for road transportation of coal for further period of one year w.e.f. 09.02.2023 to 08.02.2024 was awarded through M/s GPIIICL to M/s Barbrik Projects Ltd. which is extended upto 31.05.2024 and coal transportation is in progress."

The supporting document regarding details of competitive bidding/ contract for road transportation of coal for the period FY 2022-23 are submitted as Appendix –A.

***

BLANK PAGE

WRITTEN BRIEF ON CSPGCL SUBMISSIONS DURING TVS

For the sake of compliance of good practices adopted at various forums, proceeding in cases and for the reference and record, the salient explanations submitted at the time of TVS have been respectfully reduced to wiring. The submissions hereunder are just a brief on the salient matters and may please not be considered as all inclusive.

A. Relaxation regarding AEC of 500 MW units: - The detail submission on the matter with relevant provisions is submitted as Annexure -VIII.

B. Prayer for Allowing ROE @ 15.5% : CSPGCL submitted that the Central Commission has allowed ROE of 15.5% to generating companies. the Tariff policy (clause 5.11) stipulates that ROE as allowed by Central Commission shall be adopted by States too. In fact, it is the only clause which uses the word "Shall". Most importantly, as per the Electricity (Second Amendment) Rules, 2023 notified by MoP the Return on Equity by the State Commission has to be aligned with the Return on Equity specified by the Central Commission for generation and transmission in its Tariff Regulations for the relevant period. The relevant period for instant True up is the control period for Regulation 01/04/25 to 31/03/25. As per settled legal position (Suo Motu Petition no 63 of 2022), once a rule is farmed by the Government, it prevails over the Regulations. In light of the combined effect of all this, CSPGCL has a fit case for grant of 15.5% ROE. Revised model with the computation is being submitted herewith.

   It was further submitted that the power supplied by CSPGCL is the only power supplier which supplies power without Payment Security Mechanism (PSM) and also it is the cheapest power supplier. It was also submitted that to maintain the units in healthy condition, undertaking investments on Environment Compliance Measures (such as FGD) (about 2000 Cr) and undertaking new projects (about 13000 Cr), CSPGCL will have to arrange some internal funds too. Therefore just and proper recovery through Tariff by way of realistic targets and adequate ROE is in the larger long term interest of all stake holders. Without such consideration, maintaining CSPGCL share in the state supply will be difficult.

C. Explanation on Depreciation:- The background of the AAD allowed in the state regulation and in the Tariff order was explained in detail and it was clarified that in fact in view of the actual lower debt repayment obligation CSPGCL has earnestly claimed lower depreciation in the instant true up than what was allowed in the tariff order. It was also explained with due citations that though for the purpose of computation of interest, depreciation is considered as the normative loan repayment however the converse is not true. It cannot be presumed that depreciation will be equal to the actual debt repayment. In such case NTPC / PGCIL and many other

such utilities will get cumulative depreciation only upto 70%. Depreciation has to be computed in accordance to regulations only.

D. Income from sale of PAT certificates: It was clarified that the income from sale of e certs (under PAT scheme) for KTPS has been duly accounted for, in the petition. It was submitted that in view of the previous discussions at the time of framing of regulations and proceeding on petitions, CSPGCL has been given to understand that as no specific Capital approval has been sought for PAT scheme, the e-cert sale / purchase arising out of PAT scheme remain pass through. CSPGCL has never opposed the pass the same and prays for adoption of the same.

E. Matters related to Additional capitalisation & Coal Cost Details: The same has been covered in the detail submission in response to post TVS query/ additional information.

The list of citations referred during the TVS :-

- On the matter of consideration of proper norms for recovery of reasonable cost of supply and setting right signals about the pricing of the product - Hon'ble APTEL decision dated 10/04/2008 in the Appeal No. 86 & 87 of 2007.
- On the matter of Commission's Power and duty to consider such prayer at the time of True up - Hon'ble APTEL decision dated 14/11/20138 in the Appeal No. 147 of 2012.
- On the matter of Depreciation to be considered as a mere expense with the clarity that while deciding AAD loan repayment may be one of the factors but in the case of rate of depreciation, repayment of loan is not the relevant factor – Hon'ble APTEL decision dated 21/08/2009 in the Appeal No. 54 of 2009.

Last but not the least, CSPGCL humbly crave leave that if on any of the issue related to the petition, (covered hereunder or not) any further explanation / detailing or any additional information is deemed desirable then an opportunity may kindly be afforded. CSPGCL shall submit all the details as may be desired.

***

Revenue Gap/ Surplus

(Considering ROE- 15.5%, AEC- 5.75% for KWTPP & ABV TPS and Rs. 9.55 Cr. as Addl. M&G over & above normative M&G for DSPM TPS)

Rs. Crore

Particulars	Actual FY 2021-22
ARR for HTPS	1,587.29
ARR for DSPM TPS	1,076.44
ARR for KWTPP	1,137.62

CHIEF CHEMIST (COAL SAMPLING)
HTPS.KW

Annexure – III-(b)

Revised
28/11/23

FORMAT-I

Details/Information for Computation of Fuel & other expenses variation

Name of the Company : Chhattisgarh State Power Generation Company Limited

Name of the Power Station : Dr. Shyama Prasad Mukharjee Thermal Power Station - DSPM TPS -SECL coal

	Description	Unit	Considered in Tariff order	Month of FEB-23
a	Quantity of Coal supplied by Coal Company	(MMT)		0.380866.62
b	Adjustment (+/-) in quantity supplied made by Coal Company (**Diverted rake from ABVTPS - SECL coal)**	(MMT)		
c	Coal supplied by Coal Company (a+b)	(MMT)		0.20%
d	Normative Transit & Handling Losses	%	0.20%	-
e	Normative Transit & Handling Losses (cXd)	(MMT)		-
f	Net coal Supplied (c-e)	(MMT)		69,77,78,008.00
g	Amount charged by the Coal Company			1,31,91,143.18
i	crdit note	(Rs.)		
ii	Supplimentary bill	(Rs.)		
h	Adjustment (+/-) in amount charged made by Coal Company **(Diverted rake from ABVTPS - SECL coal)**	(Rs.)		
i	Net amount Charged for Coal (g+h)	Rs/MT		8,51,32,877.00
j	Rate of Coal for the period =(i/(fX10^6))	Rs		
k(i)	Transportation Cost Paid to railways	Rs		
k(ii)	Adjusttment (+/-) in Transportation Cost Paid to railways (**diverted rake from ABVTPS - SECL coal)**	Rs		8,51,32,877.00
k	Total Transportation Cost paid to railways (k+l)	Rs/MT		
l	Transportation Charge rate paid to Railways (k/(fX10^6))	Rs/MT		
m	Other Charges (per Ton) towards transportation	Rs		
n	Coal Sampling Fees	Rs./MT		
o	Total per ton Transportation Charges including coal sampling fees (l+m+(n/(f*10^6)))	Rs./MT		
p	Landed Price of Coal per MT (j+o)	(kCal/Kg)		
q	Average GCV of coal / Lignite as recieved	Kcal/ KWh		
r	Normative SHR	ml/ KWh		
s	Normative Specific Oil Consumption	Kcal/ml		
t	GCV of Secondary Fuel (Oil)	%		
u	Normative Auxiliary Consumption	Rs/ KWh		
v	ECR of coal for the Period= ((r-(sxt))/(q)*(p/1000)/(1-u)	Rs/ KWh		
w	ECR of Coal as considered in Tariff order	Rs/ KWh		
x	Change in ECR Coal (v-w)	Kwh		
y	Scheduled Generation during the Period	Rs		
z	Fuel & other expenses variation for the period (x X y)

Details	Adjustment of Final Railway Freight Bill for the Month of Feb.2023 Doc No. 5000962253 .							

Amount(in words): Rupees Nine Crores Twenty Nine Lakhs Three Thousand Five Hundred Sixteen Only

Prepared By: 1651AE01 on 28.04.2023
ID Name: Ranju Lata Chandra

Authorised By:(Signature) (Seal)
Passed for payment: Rs. 92,903,516.00

Auditor/S.O.

PASSED FOR ADJUSTMENT OF
Rs. 9,29,03,516=00
Rupees Nine Crore, Twenty nine lakhs, Three thousand, Five hundred, Sixteen only.

Details/Information for Computation of Fuel & other expenses variation

Name of the Company : Chhattisgarh State Power Generation Company Limited

Name of the Power Station : Dr. Shyama Prasad Mukharjee Thermal Power Station - DSPM TPS -SECL coal

	Description	Unit	Considered in Tariff order	Month of MAR-23
a	Quantity of Coal supplied by Coal Company	(MMT)		0.073772550
b	Adjustment (+/-) in quantity supplied made by Coal Company (**Diverted rake from ABVTPS - SECL coal)** .	(MMT)		0.205406480
c	Coal supplied by Coal Company (a+b)	(MMT)		
d	Normative Transit & Handling Losses	%	0.20%	0.20%
e	Normative Transit & Handling Losses (cXd)	(MMT)		-
f	Net coal Supplied (c-e)	(MMT)		-
g	Amount charged by the Coal Company			12,84,12,546.51
i	crdit note			99,52,000.04
ii	Supplimentary bill	(Rs.)		
h	Adjustment (+/-) in amount charged made by Coal Company **(Diverted rake from ABVTPS - SECL coal)**	(Rs.)		47,93,60,890.00
i	Net amount Charged for Coal (g+h)	(Rs.)		
j	Rate of Coal for the period =(I/(fX10^6))	Rs/MT		
k(i)	Transportation Cost Paid to railways	Rs		64,94,872.32
k(ii)	Adjusttment (+/-) in Transportation Cost Paid to railways (**diverted rake from ABVTPS - SECL coal)**	Rs		4,85,60,160.00
k	Total Transportation Cost paid to railways (k+l)	Rs		5,50,55,032.32
l	Transportation Charge rate paid to Railways (k/(fX10^6))	Rs/MT		
m	Other Charges (per Ton) towards transportation	Rs/MT		
n	Coal Sampling Fees	Rs		
o	Total per ton Transportation Charges including coal sampling fees (l+m+(n/(f*10^6)))	Rs./MT		
p	Landed Price of Coal per MT (j+o)	Rs./MT		
q	Average GCV of coal / Lignite as recieved	(kCal/Kg)		
r	Normative SHR	Kcal/ KWh		
s	Normative Specific Oil Consumption	ml/ KWh		
t	GCV of Secondary Fuel (Oil)	Kcal/ml		
u	Normative Auxiliary Consumption	%		
v	ECR of coal for the Period= ((r-(sxt))/(q)*(p/1000)/(1-u)	Rs/ KWh		
w	ECR of Coal as considered in Tariff order	Rs/ KWh		
x	Change in ECR Coal (v-w)	Rs/ KWh		
y	Scheduled Generation during the Period	Kwh		
z	Fuel & other expenses variation for the period (x X y)	Rs

Note :-
1. Total freight deducted Rs. 1,30,90,715.00 for the month of March-2023.
2. Amount Rs. 1,23,869.55 returned on dt. 28.02.2023 out of 18,37,389.00 & Rs. 19,75,824.90 is also returned on dt 28.02.2023 out of 19,75,825.00
3. Amount Rs. 1,23,869.55 & 19,75,824.90 is adjusted in March-23. Hence total freight of March-23 is 1,31,04,515.00 - (1,23,869.55+19,75,824.90) = 1,10,04,820.55
4. In Sr. no. 12 & 13 only freight & bank charges deducted, whose letter has been attached.

FORMAT-I				
Details/Information for Consumption of Energy Charge Rates for FCA				
Name of the Company : Chhattisgarh State Power Genration Company Limited				
Name of the Power Station : Atal Bihari Vajpayee Thermal Power Station-ABVTPS				
Data of Coal Receipt from SECL Coal Mines diverted from DSPM to ABVTPS for the period 01.02.2023 to 28.02.2023				
	Particular	**Unit**	**Considered in Traiff order**	**1-Feb**
a	**i. Quantity of Coal/Lignite supplied by SECL coal/Lignite Company**	**(MMT)**		0.01418715
b	**Adjustment (+/-) in quantity supplied made by coal/Lignite Company**	(MMT)		0.00
c	Coal supplied by coal/Lignite Company (a+b)	**(MMT)**		0.014187150
d	Normative Transit & Handling losses	%		
e	Normative Transit & Handling losses (cxd)	(MMT)		0
f	Net coal/Lignite Supplied (c-e)	(MMT)		
g	**Amount charged by the coal /Lignite Company (SECL)**	**(Rs.)**		**20486996.12**
h	(i) Adjustment(+/-) in amount charged made by the coal /Lignite Company against Grade slipage of Coal (SECL)	**(Rs.)**		**0.00**
	(ii) Adjustment(+/-) in amount charged made by the coal /Lignite Company against Grade upgradation of Coal (SECL)	**(Rs.)**		**0.00**
i	**Net amount charged by the coal /Lignite Company (SECL) (g+h(i)+h(ii))**	**(Rs.)**		**0.00**
j	Rate of coal for the period Charged by Coal Company =(i/(fx10^6)	Rs/MT		
k	Rate of bonus payable to Coal Company	Rs/MT		
l	Net Rate of bonus payable to Coal Company (j+k)	Rs/MT		
m	**Transportation cost Paid to railways for coal supplied from SECL**	**Rs**		**7620103.00**
n	Transportation Charge rate Paid to railways(m/(fx10^6)	Rs/MT		
o	Other Charges towards transportation (By Road)	Rs.		
p	Total Transportation charges (n+o)	Rs.		
q	Landed Price of coal per MT (l+p)	Rs/MT		
r	Average GCV of coal/Lignite as fired	(Kcal/Kg)		
s	Normative SHR	Kcal/Kwh		
t	Normative specific consumption	ml/KWh		
u	GCV of secondry Fuel(Oil)	Kcal/ml		
v	Normative Auxillary Consumption	%		
w	ECR for the period = ((s-(txu))/r)*(q/1000)/(1-v)	Rs/KWh		
x	ECR as considered in Tariff order	Rs/KWh		
y	Change in ECR (w-x)	Rs/KWh		
z	**Net Genration during the period**	**MU**		
aa	FCA Claim for the period(yxz)	Rs.

Details/Information for Consumption of Energy Charge Rates for FCA

Name of the Company : Chhattisgarh State Power Genration Company Limited

Name of the Power Station : Atal Bihari Vajpayee Thermal Power Station-ABVTPS

Data of Coal Receipt at ABVTPS from SECL Coal Mines for the period 01.03.2023 to 31.03.2023

	Particular	Unit	Considered in Traiff order	Mar-2023
a	**i. Quantity of Coal/Lignite supplied by SECL coal/Lignite Company**	**(MMT)**		0.22794473
b	**Adjustment (+/-) in quantity supplied made by coal/Lignite Company**	(MMT)		0.00
c	Coal supplied by coal/Lignite Company (a+b)	(MMT)		0.227944730
d	Normative Transit & Handling losses	%		
e	Normative Transit & Handling losses (cxd)	(MMT)		0
f	Net coal/Lignite Supplied (c-e)	(MMT)		
g	**Amount charged by the coal /Lignite Company (SECL)**	**(Rs.)**		505077344.17
h	(i) Adjustment(+/-) in amount charged made by the coal /Lignite Company against Grade slipage of Coal (SECL)	**(Rs.)**		-328338569.00
	(ii) Adjustment(+/-) in amount charged made by the coal /Lignite Company against Grade upgradation of Coal (SECL)	**(Rs.)**		148452217.53
i	**Net amount charged by the coal /Lignite Company (SECL) (g+h(i)+h(ii))**	**(Rs.)**		325190992.70
j	Rate of coal for the period Charged by Coal Company =(i/(fx10^6)	Rs/MT		
k	Rate of bonus payable to Coal Company	Rs/MT		
l	Net Rate of bonus payable to Coal Company (j+k)	Rs/MT		
m	**Transportation cost Paid to railways for coal supplied from SECL**	**Rs**		76917338.00
n	Transportation Charge rate Paid to railways(m/(fx10^6)	Rs/MT		
o	Other Charges towards transportation (By Road)	Rs.		
p	Total Transportation charges (n+o)	Rs.		
q	Landed Price of coal per MT (l+p)	Rs/MT		
r	Average GCV of coal/Lignite as fired	(Kcal/Kg)		
s	Normative SHR	Kcal/Kwh		
t	Normative specific consumption	ml/KWh		
u	GCV of secondry Fuel(Oil)	Kcal/ml		
v	Normative Auxillary Consumption	%		
w	ECR for the period = ((s-(txu))/r)*(q/1000)/(1-v)	Rs/KWh		
x	ECR as considered in Tariff order	Rs/KWh		
y	Change in ECR (w-x)	Rs/KWh		
z	**Net Genration during the period**	**MU**		
aa	FCA Claim for the period(yxz)	Rs.

Details: Adjustment of Final Railway Freight Bill for the Month of March 2023. Doc. No.5000966241 date 28.04.2023.

Amount(in words): Rupees One Crore Four Lakhs Forty Four Thousand Six Hundred Fifty Four Only

Prepared By: 16510A01 on 28.04.2023
ID Name: PRAMOD KUMAR RATHORE

Authorised By:(Signature) (Seal)
Passed for payment: Rs. 10,444,654.32

Auditor/S.O.

PASSED FOR ADJUSTMENT OF
Rs. 1,04,44,654=32
Rupees one crore, Four lakhs, Forty four thousand, Six hundred, Fifty four & PS. Thirty two only.

Executive Engineer (CT)
DSPM TPS, CSPGCL, KORBA (E)

Note :-
1. Total freight deducted Rs. 1,30,90,715.00 for the month of March-2023.
2. Amount Rs. 1,23,869.55 returned on dt. 28.02.2023 out of 18,37,389.00 & Rs. 19,75,824.90 is also returned on dt 28.02.2023 out of 19,75,825.00
3. Amount Rs. 1,23,869.55 & 19,75,824.90 is adjusted in March-23. Hence total freight of March-23 is 1,31,04,515.00 - (1,23,869.55+19,75,824.90) = 1,10,04,820.55
4. In Sr. no. 12 & 13 only freight & bank charges deducted, whose letter has been attached.

NOTICE FOR THE POWER SECTOR CONSUMERS NOT HAVING FSA WITH MCL/CIL UNDER FLEXI UTILIZATION POLICY

Sub: Decision of 295th CFDs meeting regarding Premium to be charged for supplies to the plants not having FSA with concerned coal companies/CIL under flexi-utilization policy.

This is in reference to the decision of 295th meeting of the CFDs of CIL dtd. 22.11.2022 regarding approval of premium to be charged for supplies to the plants not having FSA with concerned coal companies/CIL under flexi-utilization policy. Copies of the communications as received from CIL vide reference no. CIL/M&S/Power/617, Dtd. 06.12.2022 & no. CIL/M&S/Power/630, Dtd.08.12.2022 are enclosed for ready reference.

The decision of CFD is reproduced below:

Quote

*"CFDs after details deliberation accorded approval for charging of **40% premium** over and above basic ROM notified pice for both type A (Plants having no FSA with the respective subsidiary of CIL) and Type B (Plants having no FSA with any of the subsidiary of CIL) power plants for supply of coal under flexi utilization policy, to bring it at par with other cases of supply to the plants not having FSA and supplies within the initial period of 3 years under Bridge Linkage. The revised pricing shall be made applicable from the date of decision of CFDs."*

Unquote

Accordingly, the applicable price w.e.f. **22.11.2022** for all Power Plants not having FSA with MCL/CIL under flexi utilization policy shall be **40% premium** over and above basic ROM notified pice

Ref. No. SECL/BSP/M&S/Rail Oprn/ Date: 03.03.2023

To,
The Executive Director,
Chhattisgarh State Power Generation Company Ltd,
Vidyut Sewa Bahawan, 5th Floor,
Dangania, Raipur (CG).

Sub : Supply of coal to ABVTPS, CSPGCL, Marwa under Flexi Utilization policy.

Dear Sir ,

In reference to your letter no. 03-13/FM/1318 dt. 28.02.2023 on the subject matter, we would like to inform you that the competent authority has accepted your request for coal supplies from SECL sources to ABVTPS, CSPGCL, Marwa under Flexi Utilization policy.

Accordingly, supplies can commence in the month of March'2023 and the same shall be deemed as modification in flexi matrix for Jan-Mar'23 quarter. For the subsequent period, the request for inclusion in the flexi matrix may be made to CIL for the quarter Apr-Jun'23 and onwards, if required.

It may kindly be noted that the supplies under flexi shall be governed by the extant guidelines in respect of PI/compensation and charging of 40% over the basic price to the non-linked power plants of CIL.

You are requested to arrange for filing of rail programmes for commencement of supplies with immediate effect.

Yours faithfully

03/03/23
General Manager (M&S)-HoD

No. 03-05/Coal Block/MDO/ CT-03/34 Dated: 05/04/2016

Article 27. *Mining Charges*

27.1. A. Mining Charge

Subject to and in accordance with the terms of this Agreement, CSPGCL shall pay to the MDO the mining charge per Ton of Coal Delivered by the MDO at the Delivery Point(s) in accordance with the provisions of this Agreement (the "**Mining Charge**"), which shall be calculated in the following manner:

(a) The Mining charge shall mean the charges payable in relation to all the activities under the scope of MDO in relation to development, operation and excavation of coal from the mine including but not limited to all costs related to processing and crushing, fuel and explosives, excavation charge and transportation of Coal to the Coal Handling Plant, including loading of Coal onto the railway wagon at Loading Point and unloading at track hopper or Delivery Point as quoted in the Bid is INR 488/-(Rupees Four Hundred Eighty Eight per Tonne.)

(b) The "**Final Price Offer**" by the MDO during the Bidding Process is **INR488/-** (Rupees Four Hundred Eighty Eight per Tonne.

(c) Therefore, Mining Charge applicable as on date of signing of the Coal Mining Services Agreement (CMSA) shall be INR 488/- (Rupees Four Hundred Eighty Eight per Tonne and will be adjusted hereon as per Clause 27.2.

(d) The Mining Charge does not include the road transportation charge (as provided in Clause 27.1.B (a)below) and railway freight(as provided in Clause 27.1.B (b)below) while royalty and Taxes as mentioned as Clause 5.6 and 6.4shall be reimbursed to the MDO by CSPGCL.

27.1. B. Transportation Charge

a) <u>Road Transportation Charge</u>

The "**Road Transportation Charge**" shall mean the charges payable for transportation of coal from Coal Handling Plant to the Loading Point, and shall be calculated as detailed below:-

i. **Road Transportation Charge** shall be reimbursed to MDO by CSPGCL as per the surface transportation charges (STC) (civil) published by South Eastern Coalfields Limited ("**SECL**")for relevant road distance based on the schedule of rates published by SECL time to time.

ii. Recent rates of STC charges applicable with effect from 00:00 hr. of 14th November 2013 vide notification no. SECL/BSP/GM(S&M)/2789 as published on SECL website and as applicable currently are:-

Particulars of distance	Rate (Rs./T)
For more than 3 Km but not more than 10 km	57
For more than 10 Km but not more than 20 km	116

iii. No Road Transportation Charge shall be payable to MDO in case the distance from Coal Handling Plant and Loading Point is less than 3 Km. If the road transportation from Coal

Handling Plant to Loading Point, required is more than 20 Km, then the CSPGCL and MDO will select an individual contractor through mutually agreed transparent process for determination of Road Transportation Charge

iv. Subject to and in accordance with the terms of this Agreement, CSPGCL shall pay to the MDO the road transportation charge as per the STC rates of SECL, with such charges invoiced separately by the MDO every month along with the invoice for the Mining Charge. The liability of CSPGCL for reimbursement of road transportation charges shall be restricted to the extent stated herein.

b) <u>Railway Freight</u>

Railway freight shall be paid by CSPGCL directly to Indian Railways for transportation of coal from Loading Point to Delivery Point.

27.2. *Price Adjustment*

The Mining Charge of the Selected Bidder (as per Final Price Offer) shall be revised annually as outlined herein below.

(a) For the purpose of this Agreement, frequency of the price adjustment for the Mining Charge shall be once every year.

(b) The escalation on this Mining Charge shall commence from the next escalation date i.e. 01st April of the year immediately following the date of signing of the CMSA and will be proportionately escalated for the period between date of signing of the CMSA and next escalation date i.e. 01st April of the year immediately following the date of signing of CMSA. For Example- If the Mining Charge as on date of signing of CMSA (01st October 2016) is INR 1000 per tonne, and the change in escalation index for price adjustment for 01st April 2016 to 01st April 2017 is 5% then applicable Mining Charge as on 01st April 2017 shall be 1000* (1+5%*6/12) = INR 1025 per tonne, (proportionate escalation for first year).

(c) Subsequently, the Mining Charge shall be revised on April 1st of every year, in accordance with this Clause 27.2, to reflect the variation in Price Index occurring during the previous Accounting Year and the amount so determined shall be the applicable Mining Charge for that particular Accounting Year.

(d) Mining Charge shall be escalated every year on 01st April as per the inflation rate to be applied to indexed energy charge component in case of captive mine coal source (for payment) as published by CERC and applicable as on the date of escalation. Mining Charge shall be revised to reflect the variation in Price Index, and the amount so determined shall be the Mining Charge for the accounting year.

(e) The Mining Charge shall be computed up to 2 (two) decimal places.

(f) At any point of time, the methodology/ weightage in calculation of inflation rate to be applied for index energy charge for captive mine coal source (for payment) adopted by CERC shall be adopted directly as published in the applicable notification from time to time.

(g) Applicable notification of CERC shall be the most recent notification published by CERC on or before the date of escalation application i.e. 01stApril every year. On 01st April of every year, (date of applying escalation), the Mining Charge shall be revised as per applicable CERC notification published on their website.

E - Tender No.:- MDO/CSPGCL-Transportation/20-21/ET/3

BID DOCUMENT FOR SELECTION OF TRANSPORTATION AGENCY FOR ROAD TRANSPORTATION OF COAL FROM STOCKYARD/CHP OF GARE PELMA SECTOR-III COAL MINES IN RAIGARH DISTRICT, CHHATTISGARH, INDIA TO DESIGNATED RAILWAY SIDING

1. Background and objective

The Gare-Pelma Sector-III Coal Block/Mine is located in the Mand Raigarh Coalfield in Raigarh district of Chhattisgarh. The Tehsil Headquarters of Coal Block is at Tamnar in Distt. Raigarh which is located at about 15 km from this coal block.

M/s Chhattisgarh State Power Generation Company Limited (CSPGCL) has been allotted the Gare-Pelma Sector-III Coal Block by Ministry of Coal, Government of India for their captive use in Thermal Power Plant in the State of Chhattisgarh. CSPGCL has appointed a Mine Developer and Operator (MDO) for Development, Operation, Mining and delivery of coal to end use plant. As per the Coal Mining Services Agreement signed between CSPGCL and MDO on 16.11.2017, if the road transportation from Stockyard/Coal Handling Plant to Loading Point, required is for a distance of more than 20 km, then the CSPGCL and MDO will select contractor through mutually agreed transparent process for transportation of coal. Accordingly, CSGPCL is issuing this tender for selection of transportation Agency for the purpose of transportation of coal via road from pit top Stockyard/Coal Handling Plant to the Designated Railway Siding. CSPGCL is acting only as a facilitating agency for this tender process. Once the Successful Bidder is selected, the agreement for the said work will be signed between the Mine Developer and Operator (MDO) and the Successful Bidder. All the roles, responsibilities, liability with respect to provision of agreement shall lie with selected Agency and MDO. CSPGCL shall not be party to the agreement.

CSPGCL invites interested parties meeting prescribed eligibility criteria to participate in the bid process for selection as transportation agency.

The tender document can be viewed and downloaded from the website of MSTC Ltd namely https://www.mstcecommerce.com/eprochome/mdo from **23-11-2020 to 03-12-2020** upon online payment of non-refundable cost of Rs 50,000/- + Rs. 9,000/- (18% GST). The e-Tender ref. no. on MSTC portal is MDO/CSPGCL-Transportation/20-21/ET/**3** and the Reverse Bidding ref. no. on MSTC portal is MDO/CSPGCL-Transportation/20-21/RA/**2**. Last Date for submission of tender is up to 15.00 Hours on **11-12-2020.**

The Bids are to be submitted online on the portal of MSTC in two Stages and no offline Bids (except for certain original documents as specified in tender) will be accepted. (Stage I: Online upload of Technical Bid and Initial Price Offer; Stage II: Reverse Bidding).

2. **Scope of work:**

The coal from the Stockyard/CHP of Gare-Pelma Sector-III Coal Mine (Mine Site), Dist. Raigarh, Chhattisgarh will be loaded into the trucks/ tippers of the transportation Agency. The transportation Agency will coordinate with MDO for taking delivery of the coal and shall undertake transportation of the coal from Stockyard/CHP to the Designated Railway Siding.

As on the day of issuance of this tender, Robertson railway siding (approx. 80 km from proposed Stockyard/CHP) is the nearest functional railway siding suitable for the said work. The transportation Agency shall undertake the transportation of coal from Stockyard/CHP to the Robertson railway siding via "Tamnar - Punjipatra – Gharghoda by-pass – Chhal by-pass- EDU mode-Robertson Turn" route. Robertson Railway Siding shall be referred to as the Designated Railway Siding until and unless instructed otherwise by the MDO in writing.

It is also expected that the Gharghoda railway siding (approx. 40 km from proposed Stockyard/CHP) will become functional during the tenure of this contract. In such case, MDO, after consultation with CSPGCL, can declare Gharghoda railway siding as Designated Railway Siding and can instruct the transportation Agency to transport all or some quantity of coal from Stockyard/CHP to Gharghoda railway siding via "Tamnar – Punjipatra – Gharghoda" route. The transportation Agency shall have to comply with such instructions of MDO.

In case any other railway siding becomes functional which will be suitable for the Scope of Work under this Tender, then MDO, after consultation with CSPGCL, can declare such railway siding as Designated Railway Siding and can instruct the transportation Agency to transport all or some quantity of coal from Stockyard/CHP to such railway siding. The transportation Agency shall comply with such instructions of MDO.

The transportation agency may required to transport Coal from Stockyard/CHP at more than one Railway Sidings simultaneously on the basis of quantity of Coal to be transported and functionality/availability of Railway Sidings during the tenure of the contract.

If any railway siding become functional within 20 Km from Mine Stockyard/CHP during the tenure of this contract, in such case the contract may be considered to be closed which shall be informed by CSPGCL/MDO accordingly.

The detailed scope of work is stipulated in draft Agreement (Chapter-X)

170

3. Contract Period and target quantity

The Contract Period shall be for 12 (Twelve) months starting from the date of signing of the Agreement, issue of work order or handing over of site whichever is later. The contract period can be extended for further upto 12 (Twelve) months with negotiated rates for enhanced quantity.

The target quantity of coal to be transported from Stockyard/CHP to railhead at Designated Railway Siding is provided hereunder:

Period of contract	Contracted Quantity (Metric Tonne)
12 months from the date of signing of contract agreement, issue of work order or handing over of site whichever is later.	30,00,000 (Thirty lacs)

The contract value shall be worked out on the basis of Road transportation of 50% quantity (15,00,000 Metric Tonne) from Coal Mine Stockyard to Robertson Railway Siding and 50% quantity (15,00,000 Metric Tonne) from Coal Mine Stockyard to Gharghoda Railway Siding. The quantities for transportation of Coal may vary, for which no compensation shall be payable to the contractor.

For Railway siding wise transportation of such quantity, MDO will notify monthly quantity of coal ("Monthly Notified Quantity"), which is to be transported by the Road Transportation Agency & delivered at the Railway siding in the specified month. Depending upon the coal production scenario, the Monthly Notified Quantity may be revised by MDO for any month and accordingly shall intimate the revised Monthly Notified Quantity to the Road Transportation Agency at least 7 days before the commencement of that particular month. Further, daily quantity may not be in the proportion of Monthly Notified Quantity.

The Road Transportation Agency shall not be eligible to claim any compensation or damage for the non-utilization of the transporting trucks, due to any reduction in the notified quantity, arising out of any un-foreseen conditions like non availability of orders & cargo, Strikes, Bandhs or any force majeure situation etc.

Eligibility Criteria :-

The Bidder fulfilling the following criteria can only take part in the tender:-

A. Technical Criteria

i. The Bidder can be

(a) A company registered under Companies Act, 1956/2013

OR

(b) A registered Limited Liability Partnership (LLP) registered under Limited Liability Partnership Act, 2008

OR

(c) A registered partnership firm registered under Indian Partnership Act, 1932

OR

(d) An Indian national with sole proprietorship right

Note:

a) Bidding in form of consortium or joint venture is not allowed.

b) Entities participating as Micro, small and medium enterprises should provide a certificate of registration as MSMEs under Micro, Small and Medium Enterprises Development Act, 2006.

ii. Bidder should have an office establishment in the state of Chhattisgarh for a period of at least 5 (Five) years before the date of commencement of sale of this Tender Document. Bidder shall also provide the certificate of GST Registration in Chhattisgarh, if applicable.

iii. Bidder must have its entity registered with Employee Provident Fund organization (EPFO). The Bidder shall provide the certificate of registration with EPFO as a proof of eligibility under this condition.

iv. The Bidder should have fleet of at least 150 commercial vehicles with ownership on its name or under hiring agreement. Such fleet of commercial vehicles must be a combination of trucks/ tippers/dumpers suitable for the scope of work. The Bidder should produce the valid registration certificate/ hiring agreement of such vehicle as a proof of eligibility under this condition.

v. In any period of continuous 12 months between 1st April 2017 to 30th Sept 2020, the Bidder should have successfully executed work for transportation of atleast 1.0 million metric tonnes of Coal **for a minimum one way distance of 40 Km** for a State/Central Government company/department.

Notes for point v:

(a) In case duration of work is more than 12 months, then Annualized quantity of coal transported by bidder shall be calculated as:

(Total quantity transported/ Total period for such work in month) x 12

(b) Work experience of the Bidder for the executed work shall be considered only if the works have been executed as contractor or sub-contractor of the contractor under Government/ Semi-Government/ PSU/ autonomous body of central or state Government/ state power utilities/ power utilities with minimum 26% Government share in India only.

(c) In case the contractor appointed by the Government organization subcontracts the work and both the contractor (appointed by the Government organization) and sub-contractor submits their Bid claiming the same experience, then the work experience of the sub-contractor who has done the actual work of transportation by itself will be considered. However, in case only the contractor (appointed by Government organization) submits the Bid then its experience will be considered.

Format provided in Annexure –III(B) of this tender document shall be used by the sub-contractor to obtain work experience certificate.

(d) In case contractor (appointed by Government organization) subcontracts only a part of work to a sub-contractor, then the contractor (appointed by government organization) can only claim work experience for certain quantity which is not been claimed by its sub-contractors.

(e) The Bidder should provide self attested copy of work orders along with certificate for successful execution of the work. The certificate should be issued by the competent authorities of entities mentioned in point (b) of this note mentioning name and description of the work, quantity transported, contract period with start and completion date and the distance for such transportation. In case of failure in submitting satisfactory documents as mentioned above, the Bid of such Bidder shall be dis-qualified. **The documents submitted after due date and time of submission through E-mail or in other offline mode shall not be accepted.**

B. Financial Criteria

i. The Bidder shall have minimum average annual Turnover of 70,00,00,000/- (Seventy Crore) in the last three consecutive preceding Financial Years i.e. FY 2017-18, 2018-19 & 2019-20.

ii. The Bidder shall have Net Worth of at least 10,00,00,000/- (Ten Crore) as on 31st March 2020. Further, the Bidder shall have positive Net Worth during two previous financial years i.e. 2017-18 & 2018-19.
Note: The Bidder shall submit self attested copies of audited financial statements (Profit and Loss statements, Balance Sheet) and certificate from auditor in support of this. In case Audited financial statements of FY 2019-20 are not available, then bidder is required to submit a certificate from a practicing Charted Accountant certifying the Net worth for FY 2019-20.

The Bidder shall be required to pay the EMD either through demand draft in favour of AM (CAU), CSPGCL, RAIPUR from a scheduled commercial bank or deposit the required EMD in the shape of irrevocable Bank Guarantee of any Nationalised/ Scheduled bank with validity of 180 days from the last day for submission of Bid. The amount of EMD to be submitted is as follows:

(a) Rs 1,00,00,000 (One Crore) for Micro, Small and Medium Enterprises (MSMEs) registered under the Micro, Small and Medium Enterprises Development Act, 2006.

(b) Rs 2,00,00,000 (Two Crore) for all other type of bidders.

The tender document can be viewed and downloaded from the website of MSTC Ltd namely https://www.mstcecommerce.com/eprochome/mdo from **23-11-2020** to **03-12-2020** upon online payment of non-refundable cost of Rs **50,000/-** + Rs. **9,000/-**(18% GST). The e-Tender ref. no. on MSTC portal is MDO/CSPGCL-Transportation/20-21/ET/**3** and the Reverse Bidding ref. no. on MSTC portal is MDO/CSPGCL-Transportation/20-21/RA/**2**. Last Date for submission of bid is up to 15.00 Hours on **11-12-2020.**

INSTRUCTIONS TO BIDDERS FOR ONLINE REGISTRATION AND BID SUBMISSION ON MSTC PORTAL

1	Mr Ravi Shekhar	rshekhar@mstcindia.co.in	0771-2432481	9662052481
2	Ms Unneti Saini	unneti@mstcindia.co.in		7471118456

The Bidder may note that the following configurations will be required to be undertaken in their Internet Explorer browsers for smooth functioning of the website and the e-auction portal.

The system requirements are as follows:

- Operating System- Windows XP Service Pack 3 or above
- Web Browser- IE 7 and above.
- Active-X Controls Should be enabled as follows:

Tools =>Internet Options =>Security =>Custom Level => Enable all Active-X Controls =>Disable "Use Pop-up Blocker"

- Java (JRE7 and above)

To disable "Protected Mode" for DSC to appear in the signer box following settings may be applied.

Tools => Internet Options =>Security => Disable protected Mode If enabled- i.e, Remove the tick from the tick box mentioning "Enable Protected Mode".

- Other Settings:

Tools => Internet Options => General => Click on Settings under "browsing history/ Delete Browsing History" => Temporary Internet Files => Activate "Every time I Visit the Webpage".

Registration

All intending Bidders are required to register their firms/ companies as Vendors with the above mentioned website of MSTC. For online registration, the Bidder is required to click on the link 'Register as Vendor' provided on the above webpage. The Bidder needs to fill up the online form with appropriate details and submit.

The Bidder should note that it is required to create its own "User ID" and "Password" during the process of filling up this form and no separate communication will be sent for User ID and Password. The Bidder shall itself remain responsible for maintaining the secrecy of its User ID and Password.

Upon successful submission of the online registration form, the Bidder shall receive an e-mail in its registered e-mail address confirming the registration. The Bidders shall have to pay a one-time registration fee of Rs 10,000/- along with GST at the rate of 18% (Total Rs 11,800/-) in favor of MSTC Limited. The payment can be made through NEFT or e-payment to MSTC's following bank account.

Bank Details	:	Axis Bank ,Shakespeare Sarani Branch, Kolkata
Account Details	:	Axis Bank A/c.No.005010200057840
IFSC Code No.	:	UTIB0000005.

After remittance of the payment, the Bidder should send the details of payment like remitting bank, date of payment, UTR number, amount, name of the remitter and name of the Bidder as registered in MSTC's website through e-mail to **droy@mstcindia.co.in, rshekhar@mstcindia.co.in & unneti@mstcindia.co.in**

The Bidder can then login to the same website as mentioned above through the 'Vendor Login' section. The Bidder shall need a valid Digital Signature Certificate (DSC) along with User ID and Password to login. The DSC which shall be used during the first login shall get mapped with the User ID and the same DSC shall have to be used for all subsequent logins and bidding.

A Bidder needs to register only once with the above website. The same registration can be used for bidding in various tenders being processed in the above website. If the Bidder is already registered as per the above mentioned process, then no new registration is required and Bidder can use the old registration details. It may be noted that Bidders can submit their online Bids only after payment of the registration fee.

Payment of Bid Document Fee:

The Tender Documents can be viewed and downloaded from the website of MSTC Ltd namely https://www.mstcecommerce.com/eprochome/mdo from **23-11-2020** to **03-12-2020** against payment of the cost of Tender Document of Rs. 50,000/- + Rs. 9,000/- (18% GST) (Total Rs. 59,000/-). Bids of such Bidders who don't pay the cost of Tender Document will not be considered. The bank A/c details for payment are as below:

Name of Bank	IndusInd Bank
Branch Name	Raipur, Raipur - 492001
Branch Address	Krishna Complex, Lal Bahadur Shastri Square, Jail Road, Raipur -

	492001, Chhattisgarh
RTGS/NEFT/IFSC Code	INDB0000027
Account Type	Current Account
Account No.	201001334242
MICR Code	492234002
Name of the Company	MSTC Limited
PAN	AACCM0021E
GST No.	22AACCM0021E1ZH
Address of the Office	Hall No. 6 & 7, Third floor, Udyog Bhawan, Telibandha, Raipur – 492001, Chhattisgarh
Contact Person	Ravi Shekhar
Email ID	rshekhar@mstcindia.co.in
Mobile	9662052481

After remittance of the payment, the Bidder should send the details of payment like remitting bank, date of payment, UTR number, amount, name of the remitter and name of the Bidder as registered in MSTC's website through e-mail to **rshekhar@mstcindia.co.in and unneti@mstcindia.co.in.**

It may be noted that Bid submission against this tender shall be allowed only to those Bidders who have paid the requisite document fee.

Stage I Bid Submission (e-tender)

This stage will comprise of (i) online submission of the Technical Bid and the Initial Price Offer; and (ii) Submission of EMD in original as well as online on portal.

(i) Technical Bid and the Initial Price Offer with supporting documents.
This stage shall be open to all Bidders who have purchased the Tender Document. In this process, the Bidder, after logging in to the above stated website, will have to click on the link "AUC Floor Manager.". Thereafter the Bidder has to click on Live Events and then on the e-tender number. The Bidder will be directed to a screen where it can upload files in the Technical Bid template and save the data. The Bidder can edit such data as many times as it wishes till the final submission is made by clicking the "Final Submission" button.

After saving the Technical Bid, the link / button for Initial Price Offer (button named 'Initial Price Offer') shall get activated. The Bidder, on clicking this button, will be directed to a screen having a template where it can fill up its Initial Price Offer and save the same. The Bidder can edit such data as many times as it wishes till the final submission is made by clicking the "Final Submission" button.

The final submission of Technical Bid and the Initial Price Offer shall be digitally signed by the Bidder using the digital signature, which was used at the time of registration. Any Digital Signature Certificate (DSC) other than the above shall not be acceptable for Bid submission by the system.

The Bidder may note that the "Final Submission" button for both Technical Bid and the Initial Price Offer is common and will be activated only after both the Technical Bid and the Initial Price Offer have been saved.

Upload documents

The Bidder shall also have to upload the supporting documents along with the Technical Bid, as required under the Bid Document. These supporting documents will need to be uploaded in pdf format only (the file size should be limited to 4 MB; in case of larger files, they may be split into multiple files with suitable nomenclature). Files in formats other than pdf shall not be accepted. For this, the Bidder shall first click on the link "Upload documents" and upload the files in support of its Technical Bid.

The Bidder should also note that a Bid will be considered as submitted if and only if the Bidder has clicked on the "Final Submission" button. Only such Bids will be opened which have been finally submitted. It is further clarified that saving of Technical Bid and the Initial Price Offer without final submission will be treated as non-submission of Bid.

Upon successful final submission, the Bidder shall receive a Bid acknowledgement from the system automatically.

The Bidders may note that the Technical Bid and the Initial Price Offer submitted online as above will be encrypted by the MSTC's own software before storage in the database. This will be done to protect the sanctity and confidentiality of the Bids before the actual opening of the same.

Delete / Modification/ Withdrawal of Bid

If after final submission of Bid and before the scheduled closing time for Bid submission a Bidder wishes to make changes in its Bid, it can do so by clicking the "Delete Bid" option. By doing so, the entire Bid submitted by the Bidder will get deleted. A system generated email will be sent to the Bidder acknowledging the deletion. The Bidder will be able to save and submit its new Bid again. If a Bidder deletes its Bid and does not submit its new Bid in the same manner as stated above, its Bid will not come up for opening or further processing.

If after final submission of Bid and before the scheduled closing time for Bid submission a Bidder wishes to withdraw its Bid, it can do so by clicking the "Withdraw Bid" option. By withdrawing a Bid, a Bidder will lose the opportunity to re-submit its Bid.

The Bidders shall also note that online submission of *Technical Bid and the Initial Price Offer* with supporting documents and offline submission of EMD shall be allowed only up to closing time of Bid submission as communicated in schedule to tender process. Bidders in their own interest are advised to complete the entire process well in advance to avoid any last minute hiccup / technical problems. No complaints shall be entertained in this regard at any stage.

About Digital Signature Certificate (DSC)

A Bidder shall be required to possess a valid Digital Signature Certificate (DSC) of signing type to be able to submit its Bid and to participate in the electronic auction on MSTC's website. For this purpose, Bidders shall be required to authorize its Authorized Signatory to procure a class III DSC of signing type from any Certifying authority or their authorized agencies in India.

The Bidder may note that only one User ID will be mapped with a given DSC for the Authorized Representative. DSC once mapped with a particular User ID of a Bidder will normally not be changed and therefore Bidders are advised to carefully select the DSC before forwarding the same to MSTC Limited for mapping.

The Digital Signature Certificate will be used to digitally sign the Bids that the Bidder will submit online.

It will be the sole responsibility of the Bidder and its respective Authorized Representative to maintain the secrecy of the password for the Digital Signature Certificate. The Bidder and its contact person shall be solely responsible for any misuse of the DSC and no complain / representation in this regard shall be entertained at any stage by MSTC Limited / Nominated Authority.

Stage II Bid Submission (Reverse Bidding)

A. **Schedule for Reverse Bidding:** The Reverse Bidding shall be as per the following timings, however the schedule will be communicated later:

Online Reverse Bidding:

- Start Time : (To be intimated to Shortlisted Bidder)
- End Time : (To be intimated to Shortlisted Bidder)

B. **Bidding extension time:** If a valid Bid is placed within 10 minutes of End Time of the Reverse Bidding, then Reverse Bidding duration shall get automatically extended for another 10 minutes from the existing end time. It may be noted that the auto-extension will take place only if a valid Bid comes in those last 10 minutes. If a Bid does not get accepted as the lowest bid, the auto-extension will not take place even if that Bid might have come in the last 10 minutes. The above process will continue till no Bid is received in last 10 minutes which shall mark the completion of Reverse Bidding. However, Bidders are advised not to wait till the last moment to enter their Bid to avoid complications related to internet connectivity, their network problems, system crash down, power failure etc.

C. **Post bidding procedure:** Tender process will proceed with the lowest rate received in the Reverse Bidding as the Contract Price and award

considerations. Such Bidder selected with the lowest quote in Reverse Bidding shall be declared as L1 Bidder and upon satisfaction of CSPGCL will be declared as the Successful Bidder to sign the agreement with MDO.

D. **Procedure of Reverse Bidding**

i. All Bidders are to submit their Initial Price Offer on the website of MSTC during the stage 1 of tender process.

ii. The lowest quotation of "Initial Price offer" received during the stage 1 of tender process or as decided by CSPGCL will serve as the opening price (ceiling price) for Reverse Bidding round of the tender process.

iii. Bid decrement value shall be equal to Rs. One or its integral multiple.

Bidders, by offering a price equal to or lower than the "Next Valid Bid, can become "L1" Bidder and this continues as an iterative process.

7. Negotiation meeting held on 25.01.2022

-- 00--

Dear Sir,

With reference to letter cited above, it is to intimate that the Competent authority has accorded approval to award the extension order for additional quantity through M/s GPIIICL to M/s Jai Ambey Roadlines Pvt.Ltd at their negotiated rates for **item No. (1)**- Road transportation of 9 Lakh Metric Tonne coal from stockyard/CHP to **Robertson** railway siding (distance 80 KM) @ **Rs. 666.00 per Metric Tonne and for item no. (2)**- Road transportation of 21 Lakh Metric Tonne coal from stockyard/CHP to **Gharghoda** railway siding (distance 40 KM) @ **Rs. 455.00 per Metric Tonne** with total additional quantity of 30.0 lakh Metric Tonne with extension of contract period of 12 months i.e from 09.02.2022 to 08.02.2023 for the subject work with estimated contract value of Rs. 183,47,82,000/- including GST @ 18% (Rs. 155,49,00,000/- +18% GST) at the same terms and conditions of original contract with cepossion of additional Contract Performance Guarantee (CPG) for enhanced value of work.

EXECUTIVE DIRECTOR (CIVIL-PROJECT-II), Shed No.02 Dangania, Raipur (C.G.) 492013

CIN: U40108CT2008SGC015821

Further, as intimated vide this office letter No. 1690 dt. 22.01.2022 to continue the contract for the work under subject upto schedule contract period of 12 Months i.e 08.02.2022, the approval of competent authority shall be intimated as per actual quantity transported and actual value of work executed upto 08.02.2022 at the same negotiated rates as mentioned above for enhanced value of the work executed beyond original awarded work value of Rs.170.25 Cr.

Furuher necessary action for execution of additional quantity of 30.0 Lakh Metric Tonne over original quantity of coal as per terms & conditions of original contract may please be taken at your end.

Thanking You,

Your Sincerely

Executive Director (Civil Project-I)
CSPGCL, Raipur

Annexure – VIII

POWER TO REALX – The AEC case

CSPGCL understands that Power to Relax, Power to remove difficulties and the inherent powers vested with the Hon'ble Commission pass through narrow margins. Accordingly, as a responsible entity, it has undertaken an exercise of self-check before proceeding with the prayer in the public domain. The three checks which have been applied are:

- Whether there exists a legal provision?
- If yes, what is the nature of that provision?
- Whether such an exercise will lead to larger public good ?
- The extent to which any such power should be exercised?

A. Legal provision

CSERC MYT Regulation 2021 provides:

> ***110 POWERTO RELAX:*** *The Commission, for reasons to be recorded in writing, may relax any of the provisions of these regulations on its own motion or on an application made before it by an interested person.*
>
> ***112 POWER TO REMOVE DIFFICULTIES:*** *If any difficulty arises in giving effect to any of the provisions of these regulations, the Commission may, of its own motion or otherwise by an order and after giving a reasonable opportunity to those likely to be affected by such order, make such provisions, not inconsistent with these regulations or the Act, as may appear to be necessary for removing those difficulties.*

In the above context it is submitted that as per well settled principle '*Removal of Difficulty*' or '*Power to Relax*' is needed as it is not possible to foresee all the difficulties which might arise in its working and in order to obviate the need to amend the Regulations, the power to relax or remove difficulties is granted to enable adjustments. It is respectfully submitted that as the process of determination of ARR is neither mechanical nor robotic, it is the right opportunity to consider the specific circumstances and consider relaxation of norms / removal of difficulty.

To supplement the role of these powers, CSPGCL crave leave to submit two citations/ authorities:

- In the Hindustan Paper Corporation Limited v Government of Kerala (1986) 3 SCC 398, Hon'ble Supreme court observed :

"9. ... In almost all the statutes by which the fiscal or economic interests of the State are regulated, provision for granting exemption in appropriate cases would have necessarily to be there and the power to grant exemption is invariably conferred on the Government concerned. ..... The validity of provisions conferring the power of exemption has been consistently upheld by this Court in a number of decisions commencing with the State of Bombay and Anr. v. F.N. Balsara [1951]2SCR682."

- Kind reference is also invited to M.P. Jain – Cases and Materials on Indian Administrative Law – 1994 Edition Volume 1, Page 117 :

  "At times, a statute may contain a "removal of difficulty" clause. The need for such a clause arises because at the time of passing a new law, it may not be possible to foresee all the difficulties which might arise in its working. In order to obviate the need to go to the legislature to pass a law to remove any difficulty howsoever trivial, the executive is given power to remove any such difficulty by making an order. ..... According to the Committee on Ministers Powers, the sole purpose of Parliament in enacting such a provision is "to enable minor adjustments of its own handiwork to be made for the purpose of fitting its principal into the fabric of existing legislation, general or local."

- Finally, the issue was dealt in a similar case in the Appeal no 147 of 2012 decided by Hon'ble APTEL on 14th November 2013. The issue was whether such relaxation can be exercised at the time of True up without barred by *Resjudicata.*

  11. We have carefully considered the submissions of both parties. The contention of the State Commission regarding maintainability of the Appeal is untenable. The ARR of a utility is fixed in advance i.e. before the beginning of the year, based on certain projections. Annual Performance Review and Truing up exercise is taken up after the end of the year. In the truing up exercise, the uncontrollable factors are trued up based on actuals subjected to prudence check by the Commission. To illustrate, approved power purchase costs are based on projected sales during the year. If at the end of the year the sale of power is higher or lower than the projected quantity, the power purchase costs would have to be trued up accordingly. The State Commission is not expected to take the plea that since it had approved the power purchase projected by the utility, it cannot claim higher or lower actual power purchase and the utility is barred on making such claim on the principle of res judicata.

12. In view of the above, we hold that the Appeal is maintainable and accordingly we would now decide the other issues on merits."

B. **Nature of the provision:**

It is submitted that any power vested with a public / statutory authority is always coupled with some duty. Hon'ble Supreme Court of India has relied on the doctrine of *'Power coupled with duty'* in many judgements. Most respectfully, CSPGCL crave leave to submit some important citations:

- In S.P. Gupta (1981 Supp (1) SCC 87) seven-member constitutional bench of the Hon'ble Supreme Court held

  "It is true that the words in Article 216 of the Constitution are undoubtedly empowering but it has been so often decided as to have become an axiom that in public statutes words only directory, permissory or enabling may have a compulsory force where the thing to be done is for the public benefit or in advancement of public justice. Thus, the enabling power cannot be refused to be exercised by the repository of that power, as such refusal would be contrary to the constitutional principles and such action is not permissible under the scheme of the Constitution." - (Emphasis supplied)

- State of Rajasthan v. Harishanker Rajendrapal (AIR 1966 SC 296) the Hon'ble Supreme Court held

  "Often when a public authority is vested with power, the expression "may" has been construed as "shall" because power, if the conditions for the exercise are fulfilled, is coupled with duty."

- It is further submitted that the principle was laid down as early as 1880 by the Privy Council in Julius v. Lord Bishop of Oxford. Earl Cairns, Lord Chancellor speaking for the judicial committee explained

  "...there may be something in the nature of the thing empowered to be done, something in the object for which it is to be done, something in the conditions under which it is to be done, something in the title of the person or persons for whose benefit the power is to be exercised, which may couple the power with a duty, and make it the duty of the person in whom the power is reposed, to exercise that power when called upon to do so. Whether the power is one coupled with a duty must depend upon the facts and circumstances of each case and must be so decided by the courts in each case."

In view of the above settled legal spectrum CSPGCL most humbly submits that the powers vested with the Commission deserves to be exercised by the Hon'ble Commission when a case for such consideration is made out.

C. **Grounds & the Public Interest involved:**

The preamble to the electricity Act 2003 among other things, commits to ensure for taking measures conducive to development of electricity industry. Further one of the key objectives of the Tariff policy notified by Government of India is to "Ensure financial viability of the sector and attract investments". Specific reference is invited to para 5.10 of the policy.

> *"5.10 Consumer interest is best served in ensuring viability and sustainability of the entire value chain viz., generation, transmission and distribution of electricity, while at the same time facilitating power supply at reasonable rate to consumers. ....."*

Here it is pertinent to mention that often relaxation of norm is misconceived as loading to the end user. It's a highly misplaced conception. One must look to the far reaching severe implications and irreparable loss before considering the one time short term gains. CSPGCL humbly submits that if the genuine cost of a generator which is supplying relatively cheaper power in the grid is denied it results in cash starvation.

Lower than the competitive AEC results in allowance of lower ARR and ultimately cash starvation. An analysis of the broad factors of O&M reveal that employee salary has to be paid in time and government taxes also cannot be defaulted. Thus deficiency in O&M head hits the R&M activity worst. The lower than required level of expenses on repair and maintenance results in more forced outages than envisaged. Higher the forced outages and partial losses, lead to further underperformance. As the process of death by decay sets in, the vicious circle conjures. The gain to the winner is always less than the looser and ultimately both sides stand to lose. Thus, with unrealistic and non-achievable norms, gradually but certainly, cheaper power gets replaced by costlier alternate power.

The relaxation is prayed only to the extent that genuine costs of CSPGCL get covered and repair and maintenance may not suffer.

It is humbly stressed that such consideration shall in fact serve the public cause in more sustainable manner.

D. **Extent to which any such power should be exercised:**

As submitted in the preceding para, the purpose of Relaxation rests in ensuring genuine cost of operation. In this regard following is submitted:-

1. CSPGCL prays only parity with the CERC Regualtion which in turn are based on the Hon'ble Central Electricity Authority vide its letter dated

CEA/TETD-TT/2018/N-15/151 dated 10.12.2018 specifying recommendations on operational norms for thermal generating stations for tariff period 2019-24 to the Hon'ble CERC. The Hon'ble CEA in said recommendations had also specified the norms for auxiliary energy consumption as 5.75% for generating stations of capacity 300 to 800 MW.

2. It is also submitted that the Mahanavratn NTPC which is the undisputed sector leader in the Coal based thermal power generation in India, is allowed 5.75% AEC for its 500 MW plants. The significantly lower benchmark for CSPGCL, on the face of records appear to be discriminatory and deserves a review and rectification.
3. CSPGCL prays that it should not be subjected to unreasonable penalty for norms which were beyond the national standards and recommendation of CEA.

In view of the above, Commission may kindly allow appropriate relaxation on normative AEC for 500 MW sets.

****
