NOTICE

Sub: Clarification/Addendum/Corrigendum/Time Extension in response to clarification sought various firms in respect of Expression of Interest, consultancy firms for assisting the Commission in discharging function mandated in Electricity Act, 2003.

In the paragraph No.5 of above Expression of Interest, it has been provided that consultancy firms can send queries by 07/08/2026 for clarification on any aspect of the Expression of Interest. In response, some consultancy firms have sought clarification. In reference to the above, following Clarification/Addendum/Corrigendum/Time-Extension for submission of Expression of Interest are issued:

2. In relation to QUALIFICATION AND ELIGIBILITY REQUIREMENT, request for review minimum annual turnover of 10 Cr. stating same to be disproportionate to the project's actual scope and value. It is appropriate to set the minimum annual turnover threshold equivalent to 200% (2 times) of the estimated value of the assignment as recommended in the Manual for Procurement of Consultancy Services, Government of India (Second Edition, 2025). In this regard, the Commission is of the view that the eligibility criteria prescribed in the tender, including the minimum annual turnover requirement of Rs.10 crore, have been stipulated keeping in view the nature, scope and significance of the assignment. The prescribed criteria are considered necessary to ensure participation of firms having adequate financial and organizational capacity to undertake the assignment effectively.

In view of the above, the request for review of the annual turnover criterion in the tender cannot be accepted.

3. Considering the request of the firms for reviewing QUALIFICATION AND ELIGIBILITY REQUIREMENT, the Commission has changed period for completing required number of jobs from 5 years to 10 years. Now, the firms, for being eligible, should complete required number of jobs in last 10 years.
4. In relation to clarification about term of empanelment, it is clarified that it shall be done for three years.
