Chhattisgarh State Electricity Board, Raipur

-

Respondent

Copy of Order sheet dated 02.02.2006

Shri Alok Chaudhari and Shri K.S.Arora are present on behalf of the petitioner. The petition is against CSEB's demand of additional charges @ Rs.650 per KVA as supply-affording charges. The petitioner's plea is that since the power connection already exists and the requisite infrastructure for 10 MVA power is already available and no further expenditure is likely to be incurred by the CSEB, the additional charge should not be levied. The present position of the matter is that the petitioner has only submitted an application to the Board on 6.1.2006 for restoration of contract demand from 60 KVA to 7000 KVA. The Board has not given any demand note to the petitioner for supply affording charges. At this stage, therefore, the petitioner can have no grievance. The petitioner submitted that he has been verbally communicated that he has to pay the additional charges. The petition cannot be admitted on the basis of a verbal communication leading to a grievance. In fact, the petition is premature in that the cause or it has not arisen. The petition is therefore dismissed as not admitted.
