### **Petition No. 33/2005(M)**

M/s Ajanta Paper and Board Mills (Unit-II) ..... Petitioner

V/s

Chhattisgarh State Electricity Board ..... Respondent

### **ORDER** **(Passed on 27.10.05)**

The case was heard today. Petitioner is present with his counsel Shri C.S.Pandey; CSEB is represented by Shri J.L.Tiwari, E.E.

2. It is submitted on behalf of the Board that the petitioner has already filed a review application as per then prevailing procedure in the Board against the assessment of the civil liability of the petitioner on account of the alleged theft of energy. The review application is pending in the Board. It is, therefore, pleaded on behalf of the Board that a petition in the Commission may be premature. The petitioner admits to have made a review application before the Board which is pending. The petitioner also agrees that he has been asked to file certain information/data relating to his consumption which he is yet to do. However, he alleges that the disposal of the review application is being delayed the reason why he has approached the Commission.

3. The circumstances of the case do not warrant any intervention by the Commission at this stage of the case. The petitioner should submit the information/data asked for by the Board and assist the Board in expeditious disposal of the matter. However, it is clear that intervention by the Commission at this stage is premature. This petition is, therefore, closed with a direction to the Board that the review application of the petitioner may be decided expeditiously within a maximum period of 90 days from the date of this order.

The case is disposed of accordingly.
