Shri Bhim Singh Kanwar, Managing Director alongwith Shri V.K. Sai, ED, Shri V.K. Awasthi, SE for respondent CSPDCL.

Smt. Sharda Sonwani, CE alongwith Shri Abhishek Jain, SE for respondent SLDC.

Ms. Reet Nagpal, counsel for respondent M/s Ultratech Cement Ltd.

2. Heard the respondent CSPDCL, SLDC and other stakeholders.

3. The stakeholders expressed their respective grievances towards unscheduled power outage leading to production losses and other associated issues such as lowering of load factor etc., which leads to financial losses. They also submitted suggestions related to load management and their associated issues.

4. As per submissions made by CSPDCL, they are in discussion with CPPs / IPPs with intra-state generators for providing short term power support during the peak hours.

5. The Commission has anticipated short term requirement while approving the power purchase quantum for FY 2026-27 in Tariff order dated 15.06.2026 issued in petition no. 103 of 2025. The Commission has considered yearly weighted average ceiling price of Rs. 7 per kWh and estimated a quantum of 1000 MUs.

6. From the data submitted by CSPDCL it is observed that the demand of the state has significantly increased as compare to previous years during these respective months. In view of the upcoming festival season and significant power deficit the Commission deems it proper to permit CPSDCL to procure short term power from Intra State generators, specifically during non-solar hours, so as to meet the power requirement of the State.

7. The CSPDCL is directed to submit their proposal before noon of 16.10.2026, so that the issue be decided.

8. The respondent CSPDCL is also directed to submit monthly report/data of acquisition and return of banked power during FYs 2024-25 and 2025-26, including the power that might have been acquired from the exchange and returned along with Banking Passbook within one (01) week.

9. Let the matter be listed for hearing on 16.10.2026 at 3:30 PM.
