Ekka, SE for respondent CSPTCL. Shri Rishabh Garg and Shri Harsh Gupta, Counsel along with Smt. Purnima Saxena, SE for respondent CSPDCL. 2. The petitioner SECR has requested for collective scheduling, collective energy accounting and deviation settlement of all traction substations and exemption from metering at GSS and permission for metering at TSS end. 3. The respondent SLDC has objected to collective scheduling submitting that although it is technically feasible but there may be violation of CSERC (intra state ABT and DSM) Regulations, 2016 at individual TSS. 4. The respondent CSPDCL has raised its concern with respect to the submission made by the SECR in para 2.4 of its petition, where it submits that, SECR shall disconnect its traction substations from CSPDCL and shall be directly connected from open access. CSPDCL seeks clarity on recovery of cross subsidy charges, miscellaneous and other charges, could be ensured by CSPDCL once all TSS consumers get disconnected. 5. In view of the above concerns the petitioner SECR and all the respondents are directed to conduct a joint meeting and prepare modality on collective scheduling, collective energy accounting and deviation settlement and submit the proposed modality for approval before the Commission within 15 days. 6.
